The Story So Far

Shinju

The Legendary
Mermaid Princess

“The Mermaid Legend” -Once every 1000 years, the princess of the mermaid clan must become human, and kiss a human who loves her. If the legend is not realized, the sea witch Windia will take her as her slave.

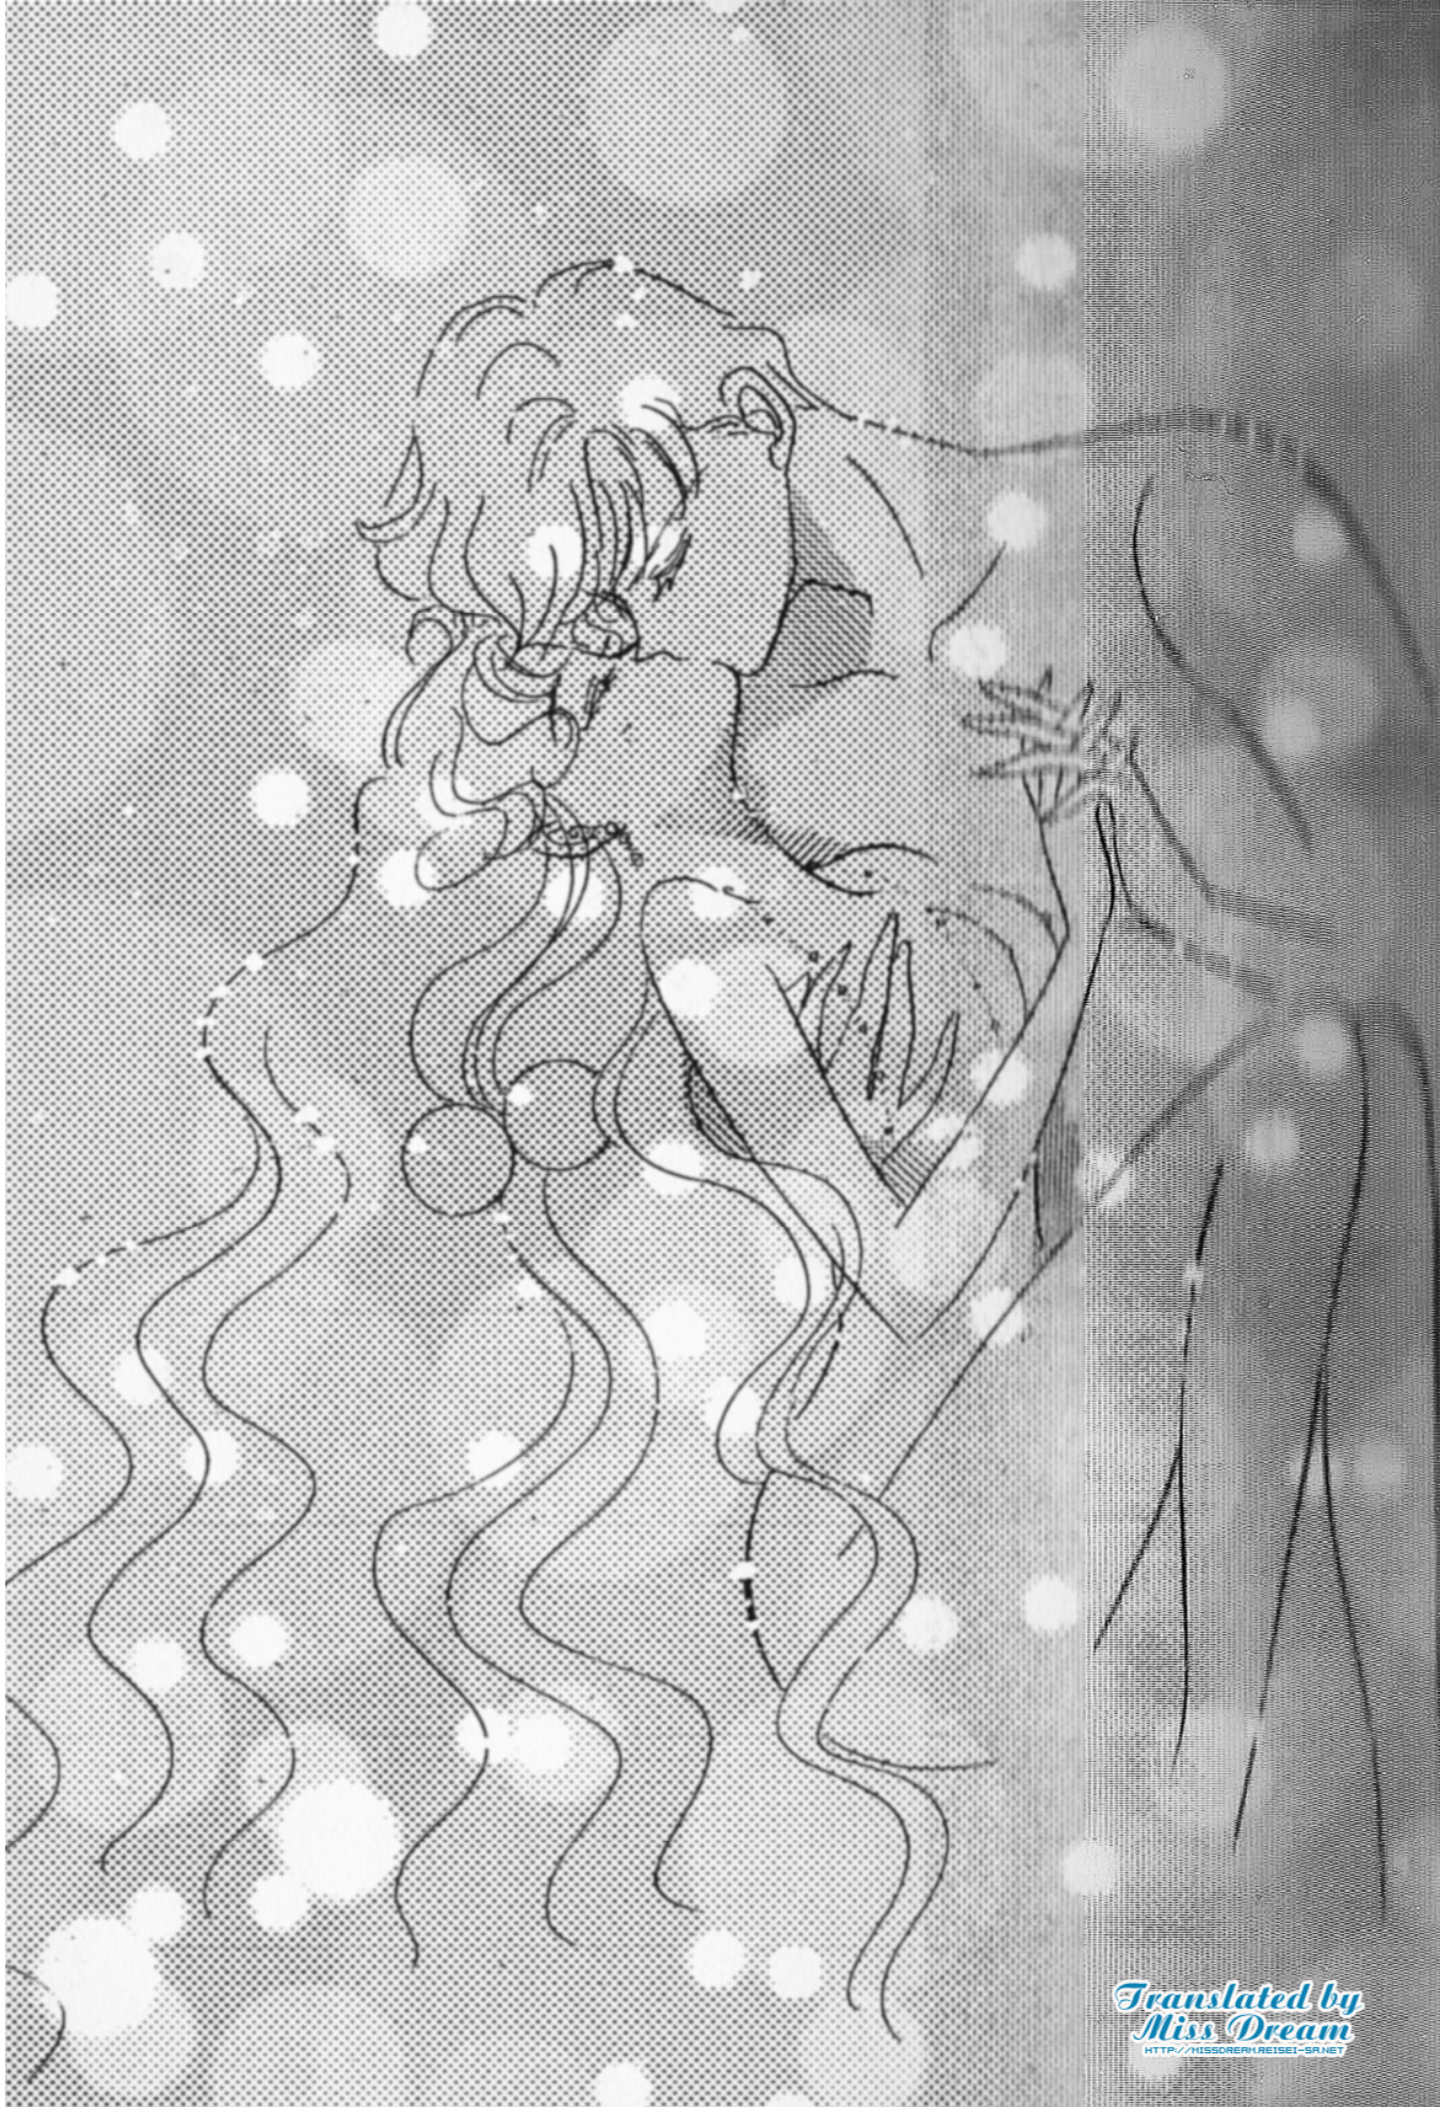

I, Shinju, am that very Millennial Mermaid Princess. To protect my beloved undersea world, I use the magic of the pink pearl, changed into a human, and was taken in as a relative of a boy I met on the beach named Ryuichi.

If Ryuichi fell in love with me I could go home in a hurry, but I can't make him like me. Also, my friend Izumi seems to have a thing for him.

Then Ryuichi was swallowed by a giant wave created by Windia. If he saw me in my mermaid form, we could never meet again. But in order to save him, I changed into a mermaid and entered the sea.

After returning to Izumi's house, Ryuichi didn't remember anything about being swallowed by the wave. Returning to Ryuichi's house, what will my red strings of fate have in store for me?
