# Chibiusa's Arrival

*Part 1*

At last! A bit of peace and quiet for the lovers. Mamoru has his memory back. He and Bunny are enjoying a boat trip.

**But the long awaited peace does not last long. Literally out of the blue sky, a little girl falls right on Bunny's head.**

A weird and alarming situation! The girl claims to be Bunny, and she is after the Silver Crystal. She even threatens the real Bunny with a gun. Who is this kid, and where does she come from?

Fortunately, there is no real danger - it's only a toy gun. But how does that strange girl know about the Silver Crystal?

At home, another surprise is waiting for Bunny. There, she meets the strange girl again, and now she claims that her name is Chibiusa and she is Bunny's cousin? Oh yeah? Never heard of her before!

However, that is just one of the little pest's strategies.

To further her plans she has hypnotized Bunny's family.

There is more to that!  
Bunny gathers her friends for  
an emergency meeting.

Seizing the  
opportunity,  
Chibiusa serves  
them tea mixed  
with a soporific.

Maybe one of them  
has the Silver Crystal?

Bunny is the only one to stay awake  
because she didn't drink her tea.  
Chibiusa has gone too far, and  
Bunny is about to teach her  
a lesson when...

Suddenly the sign of the moon appears on Chibiusa's forehead. It emits a blinding bright light. That would mean...

Someone is eagerly watching the scene from afar. At last, she has found Chibiusa.

She is Koan, one of the Four Evil Sisters.

She, too, is looking for the Silver Crystal, and she believes the little girl will lead her to it. Sailor Moon and Tuxedo Mask can chase off the enemy just in time. Now it is clear that Chibiusa is hiding a great secret. But what is it about?

Chibiusa's unknown origin is not the only problem the Sailor Soldiers are facing. Since her arrival, Mamoru has visions and hears a voice urging him to stay away from Serenity if he wants to save the Princess' life.

With a heavy heart, Mamoru decides to avoid Bunny. Bunny does not understand his behaviour, and she has an uncomfortable feeling, that it is somehow connected to Chibiusa.

## The University Application

Great news for Amy. Her application to a university in Germany has been approved. This is a one-in-a-million chance! However, that means she has to leave her friends. It's not an easy decision.

Only Chibiusa is delighted for her. The others feel down. They don't want to lose her friend but this is an opportunity she has to seize. That's why they advise Amy to go for it and try to appear happy about it.

The enemy doesn't wait until the Sailor Soldiers have solved their problems.

This time, they have to fight Berthier. Her target is a well frequented ice cream parlour.

Without Sailor Mercury, the Sailor Soldiers are weaker. But if they were to ask for her help, she would have to cancel her travel plans.

No!  
They have to  
manage on  
their own!

It is the day of her departure. Mamoru brings Amy a present from Bunny. She could not come herself because the enemy started their attack.

Looking at the Sailor-Talismans just before the departure of her plane, Amy can feel the strong bond connecting her to the other Sailor Soldiers who have to fight without her.

\*Translator's note: it really says "Sailor-Talismans."

She is - and will always be - Sailor Mercury, and she can't abandon her friends when they need her help!

The enemy is defeated, and the friends are reunited again. Only together they are strong enough. Amy knows for sure, she will never regret her decision.

## Aerobics Fever

Ray's grandfather read about aerobics in the newspaper. Now he is all fired-up. He and his student Yuuichiro want to organize aerobics classes for young girls.

Yuuichiro has found an ample number of prospective pupils. And when grandfather sets his mind on something he follows through - no matter what.

All goes well until the killers of the Black Moon mix with the girls attending the aerobics class.

The students rebel against their teacher, and Koan summons a special monster for this occasion. It is a martial arts expert.

As was to be expected, Ray's grandfather is no match for this monster. But Ray cannot transform into Sailor Mars in front of all the girls.

Fortunately, Tuxedo Mask intervenes and saves the day. He distracts everyone on scene.

Changed into Sailor Mars, Ray is ready to fight the enemy.

Woe to anyone who lays a finger on her grandfather! Ray's anger and her holy fire are too much for Koan. She gives up and flees the scene.

Yuuichiro's and grandfather's excursion into aerobics is over before it even started. Now they are planning to start jazz dance-classes.

## Chibiusa in Danger

It is a rainy day. Chibiusa is waiting for Bunny in front of her school.

Even though she is always energetic and stubbornly pursuing her goals, at heart she is only a little girl longing for her mom and dad. When Bunny arrives, Chibiusa has disappeared. Where can she be? Bunny is worried.

A desperate Bunny asks Mamoru for help.

In this time of need, Mamoru is helping Usagi. However, he is acting so distant as if she were a stranger to him. Bunny wonders if their relationship is really over.

Secretly, Chibiusa watches other girls being walked home by their mothers. Via Luna P, she tells a mysterious woman that she wants to go home.

She takes out the little key she is wearing around her neck and waits for the portal leading to her home to open. Suddenly...

...CHIBIUSA IS ENCASED IN SWIRLING LIGHTS AND WINDS.

The enemy takes advantage of the chaos in the city and launches another attack. Bunny and her friends manage to transform just in time.

Soon, everything is back to normal again, thanks to the Sailor Soldiers. The monsters surrender. Chibiusa could not go home. The time for her return has not yet come.

Until then, she can rely on Tuxedo Mask and the Sailor Soldiers and feel safe on Earth.

*To Be Continued on Page 32*

*Literally out of the blue sky, Chibiusa turns up to get hold of the Silver Crystal. She will be a key player. After she becomes friends with the Sailor Soldiers, Chibiusa stays longer on Earth than she planned to do. In the future Moon Kingdom, Bunny is even going to be her mother.*

*\*Translator's note: It really says "Moon Kingdom" here.*

# Chibiusa

# Chibiusa's Powers

At first, relations between Chibiusa and the Sailor Soldiers are rather tense because she fights with all her might to get what she wants. And the little Moon Princess possesses several powers to ward off her enemies.

Her Luna P can transform into all sorts of objects, and it has the power to transform Chibiusa into any person standing next to her.

*Over time, Chibiusa gains more powers and evolves into a real Sailor Soldier fighting in the present for the peace of her future kingdom. On behalf of the future moon, Sailor Chibimoon is fighting and defeating her foes.*

*Initially, her powers are limited. The others see her more as a mascot than a warrior. But even so she can be of real help. You should never underestimate Sailor Chibimoon!*

**Sailor  
Chibimoon**

# Sailor Chibimoon's Weapons

*Sailor Chibimoon can use her Pink Moon Stick to send forth a chain of little sugar hearts and defeat the enemy... sometimes...*

*At first, it is not easy for ChibiUsa to be on Earth. But soon she finds some good friends. In Bunny, she not only recognises her future mother, but also a friend and companion to fight along with against the enemy.*

*In the other Sailor Soldiers, she recognises her playmates who always tended to her in the future Moon Kingdom.*

Chibiusa becomes indispensable. And she makes some friends who rescue her from the killers of the Black Moon - like Hotaru, daughter to the devious Professor Tomoe, or the winged dream-horse Pegasus who is hiding in a mirror within Chibiusa's dreams.

*\* Translator's note: They muddled up their facts. Neither Hotaru nor Pegasus do appear in the same series as the Black Moon clan; and the mirror explanation isn't quite right either.*

# Black Lady

*While Chibiusa is still doubting whether Sailor Moon and the others really are her friends, she falls an easy victim to Wiseman. Hypnotizing her he talks her into believing that nobody would love her. He wipes out her memories and changes them with black energy. Thus Chibiusa turns into the dreadful Black Lady, longing for vengeance.*

*Luna P is the only one recognising her as Chibiusa. However, it is not able to make her realise her mistake. Instead, it gets turned into Black Lady's most powerful weapon.*

*Alongside Prince Demand, she harasses the Sailor Soldiers. They are barely able to fend off her attacks. Only when Sailor Moon manages to rekindle the memories buried deep within Black Lady, she slips off Wiseman's spell.*

*From Chibiusa's  
Photo Album*

*Bunny and Mamoru think she is quite an adorable little rascal. Here you can see some secret images from ChibiUsa's album. Doesn't she just look like a mini-Bunny?*

## The Curry Party

For a school competition Chibiusa is required to cook something together with a member of her family.

Whom is she going to take since she doesn't have a real family? Who is to teach her how to cook after Bunny refused to do it? Chibiusa is desperate.

Maybe Bunny and Mamoru could act as her family. When Bunny and Chibiusa ask Mamoru, he is willing to help. Chibiusa can rely on Mamoru at all times.

Makoto might be able to teach Bunny how to cook. However, when they go shopping to the supermarket, they notice that someone has spoiled all the food.

This is the doing of the evil sisters who have hypnotized the staff.

Quickly, the girls transform into Sailor Soldiers to fight the enemy.

They almost succeeded in poisoning half the city.

During the fight a lot of shopping trolleys crash. Then, Tuxedo Mask intervenes. The monster is defeated, and the city is safe again!

Now, the exciting part begins. Bunny tries to prepare a real dish. The outcome is less than optimal. Chibiusa will never win the competition with this!

Just like a real happy family...

## Nightmares

In a magical land  
there lived a  
beautiful  
princess...

Night is falling over the city,  
and everyone is dreaming their  
own special dream.  
After listening to a  
fairy tale, Chibiusa  
falls asleep  
peacefully.

Only Mamoru is troubled by his dreams.  
Night after night, he has the same  
nightmare hearing the same voice  
urging him to avoid Bunny.

Else, both her and  
the Moon Kingdom  
would come to a  
bad end.

Mamoru is unsure what to do. Of course, Bunny tries to be near him. He has to come up with something to make her believe their relationship has ended for good...

...even if that is a great sacrifice for him.

Mamoru invites another girl for a ride, making sure to be seen by Bunny. As he hoped for, Usagi misunderstands the situation and is heartbroken.

Chibiusa is sorry for Bunny...

...but when she is on her way to Mamoru's place to confront him, she is captured by Petz and Calaveras.

**Sailor Moon is injured,  
the battle seems lost...**

**When Bunny returns  
home and notices that  
Chibiusa is out of bed,  
she knows that something  
must have happened to her.**

The Sailor Soldiers attack but the enemy  
is incredibly strong...

Fortunately, Tuxedo Mask appears to  
rescue Sailor Moon. He manages to  
defeat the monster.

So he does have feelings for her after all.  
What is more, Bunny has learned that the  
girl on the motorbike is not  
his new girlfriend.  
There is still hope!

# Koan's Conversion

This time, Koan wants to fight for real! Taking on the role of a cosmetics saleswoman she returns to the shrine and invites Ray and Bunny to test her products.

The longer she stays with them, the likelier it gets that Chibiusa will pop up, too.

Both girls are enjoying the advice and exuberant compliments of the self-proclaimed "beauty expert".

Koan's plan is a success. Chibiusa comes to the shrine, and the evil sister shows her true face.

Battle commences, and Koan is defeated.

Rubeus shows up to finish her off and tells her that this had been her last chance. She cannot return to the Black Moon ever.

Koan cannot change his mind. She tries to take revenge on the Sailor Soldiers.

When Sailor Jupiter lunges at Koan, Sailor Mars intervenes. Why is it she wants to defend their enemy?

Sailor Mars explains that Koan should get a second chance on Earth since she cannot return to the Black Moon.

Koan realizes that she has never been loved in all her life. This is the first time, someone cares for her. Can this be a new beginning?

## World Chess Championship

Through her magic mirror, Berthier is watching her sister's new life. Koan's conversion is beyond her grasp.

She considers her a traitor, and now she is continuing the fight alone. Berthier masquerades as a chess player and challenges Amy to a match.

When Amy realizes, that this is not an ordinary chess match, she transforms into Sailor Mercury - right in front of her perplexed foe.

Bunny and her friends are waiting for the outcome of the tournament.

They have no idea that they are the prize. However, Amy confounds her enemy's plan with her excellent chess play. Only a few turns into the game, Berthier is checkmated!

Her two sisters are not coming to help her. Berthier is on her own.

*Berthier is caught in a block of ice. There is no escape for her.*

Koan cannot leave her sister in this state. By now, she has learned to love and to forgive.

Berthier cannot understand why Koan wants to help her - even though she tried to spring a trap at her. Could it really be that her sister's new way of life is better?

It is not too late for Berthier. Together with her sister, she starts a new life.

## The Four Evil Sisters

From now on, Koon and Bertier are Bunny's friends, too. They help out at Roy's grandfather's shrine.

Everyone understands that this peace cannot last. Even though Rubeus is keeping calm for the

moment, this does not mean he has given up.

When Rubeus finds out where the two traitors are hiding, he launches an attack. He overpowers them and transports them to the Black Moon Realm.

Immediately, Sailor Moon and her friends transform to rescue the two sisters.

Calaveras and Petz are using their renegade sisters as bait to trap the Sailor Soldiers.

Petz has asked Rubeus for more powers to defeat their enemies for good. Now, she is almost invincible.

Sailor Jupiter attacks Calaveras, disabling her with one of her bolts of lightning.

During a short truce, Sailor Moon talks to Calaveras and tries to win her over to the side of good.

But Petz, the most belligerent of them all, doesn't want to hear it. She does not want to lose another ally.

***Suddenly, Rubeus sends a tornado to enable Calaveras and Petz to flee.***

Rubeus knows well that a defeat would mean death for him and the evil sisters. He has to stake everything on one card!

*He enhances the powers of the two sisters still fighting for him.*

Petz and Calaveras pounce on the Sailor Soldiers, regardless of their sisters. They all get swept away by a whirlwind.

However, suddenly the Silver Crystal sends out rays of light calming the storm as well as the enemy.

Combining  
the powers  
of all  
Sailor Soldiers  
made the  
crystal glow.

Its warmth is melting the cold hearts  
of the two sisters and frees them  
from the Black Moon's influence.

Now, all four  
sisters are  
leading normal  
lives on Earth.  
They run a  
cosmetics stall.  
At long last,  
peace prevails  
again...

...more or less!

# Bunny's secret BEAUTY TIPS

BUNNY TELLS  
YOU HOW TO  
TREAT YOUR BODY  
TO FEEL  
GOOD AND  
COMFORTABLE.

All right, here are some easy to follow tips for you to always be in top form! We Sailor Soldiers too, need some time for beauty care, don't you think?

Try out my tips, and write to me if they did help.

Good luck  
and - bye bye!

## BODY

Many of you may think you are overweight, and even though that is not true most of the time, you trouble yourself with all sorts of diets. Always keep in mind: **YOU DO NOT HAVE TO GO HUNGRY TO LOSE WEIGHT!** That way you would only damage your health. If you're really weighing too much, you can have a doctor set a diet plan for you. If you only want to lose a little weight, just try to eat less candy and more fresh fruit and vegetables, and do some exercises on a regular basis.

There is nothing better than a hot bath after an exhausting day. While the bathtub is filling, you can prepare a relaxing bath supplement that will also revive your skin. Dissolve some soap flakes and honey in the bath water. Add a spoonful of olive oil and some drops of perfume or cologne. For cleaning and stimulating your circulation, and to soften your skin you can add a handful of spruce needles (fresh or dried) to the water. This will also alleviate pain. Such a bath with spruce needles is reviving, and you will feel like a new girl afterwards. Enjoy your bath!

## HAIR

Perm, dye, blow-dry, sun... your poor hair!  
Your hair needs regular and intensive care.

Here are some tips:

Do not wash your hair too often, not more than twice a week.  
The water must not be too hot, and don't forget to thoroughly  
rinse after washing. Once a week, you can poultice to strengthen  
your hair. Mix some olive oil, egg yolk, and a bit of honey,  
and gently massage it into your hair.  
Then wrap a towel around your  
head and leave for a while.

## FACE

**Young skin  
needs care,  
too, to look  
fresh and  
clean.**

Cleanliness is an important requirement for beautiful skin. Allow your skin a deep pore cleansing from time to time. The steam will open up the pores. Pour hot water into a bowl, and add some thyme or lavender. Wrap a towel round your hair and let the steam do its work for ten minutes. Afterwards, rinse your face with cold water and apply a cream for young skin.

**MIX 1 TEASPOONFUL OF HONEY WITH 3 TABLESPOONFUL OF QUARK, AND 1 EGG YOLK. SPREAD THE PASTE ON YOUR FACE, AND LEAVE FOR AT LEAST 15 MINUTES. THEN RINSE THOROUGHLY.**

## SLEEP

Did you know how important it is to get sufficient sleep? We need about 7 to 9 hours of sleep per day. During these hours, your body and mind can relax and refuel. Take care to always get sufficient sleep, so you can start your day thoroughly rested and can keep fit all day long.

## A LITTLE BIT OF MAKEUP

Bunny loves to apply subtle makeup! A little bit of eyeshadow and lip gloss, maybe a touch of rouge... You don't need much to pretty yourself up even more.

## WE FINISH WITH AN AROMATIC FRAGRANCE

This is essential! But make sure not to use a strong perfume! Choose a light cologne with a fresh and sporty scent.

## FITTING MAKEUP COLOURS FOR EACH SEASONAL TYPE
