SAILOR MOON

**At School With  
The Three Lights**

Ever since Seiya, Yaten, and Taiki showed up, Bunny's school is in uproar. Not only are these three breaking the hearts of all the girls, but they are also popular with the school's sports clubs.

Yaten joins the rugby team, since their leader Kayama is a good friend of his. Is there anything the Three Lights are not good at? However, Sailor Lead Crow has targeted Kayama: is he holding the Star Crystals Galaxia is after?

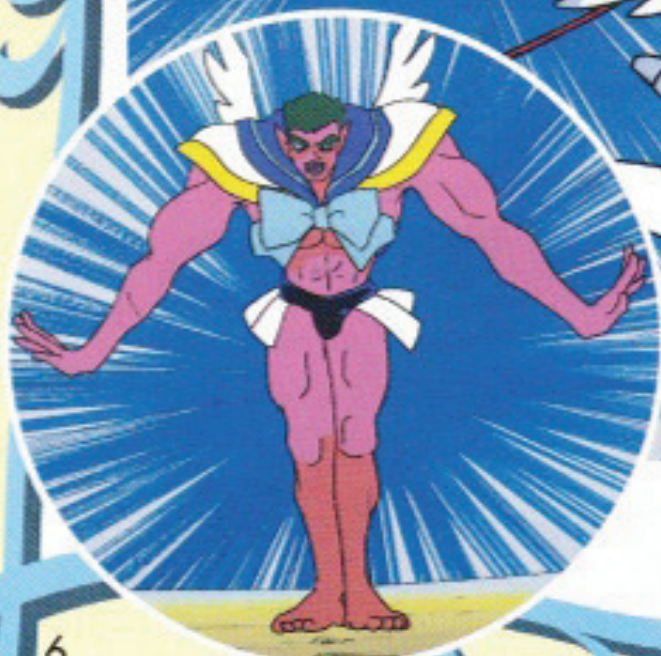

Sailor Lead Crow attacks Kayama.

When she doesn't find any Star Crystals with him, she turns him into a monster that immediately lunges at Sailor Moon. She is too surprised by this attack, and does not react fast enough.

**The Monster is giving Sailor Moon a hard time.**

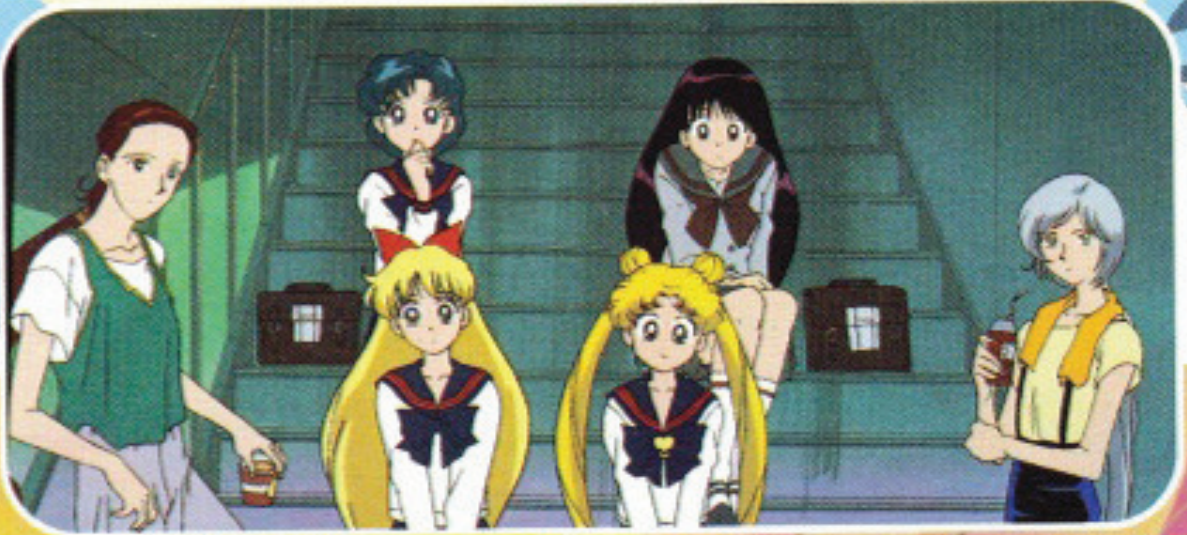

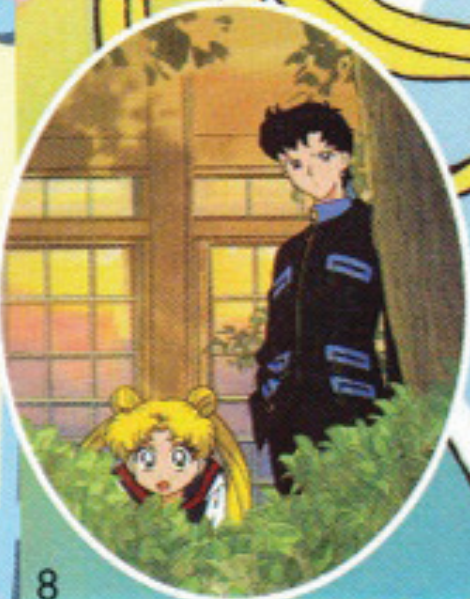

Then, the mysterious Sailor Star Lights come to help her. Effortlessly, they defeat the enemy.

**Bunny and her companions have no idea that the Star Lights are none other than the Three Lights. On the other hand, neither do Seiya, Yaten, and Taiki know that their new schoolmates are warriors of the Moon Kingdom.**

Life at school is as usual. The Three Lights are rehearsing so much, they almost have no spare time at all. Director Akane is very strict - particularly with Seiya.

**When Minako watches them rehearsing, her old dream of becoming a star is rekindled. Wouldn't it be great to win at a talent show?**

**Minako holds on to her dream and does not lose her hope, even though the way Yaten and the others look at her is not exactly encouraging.**

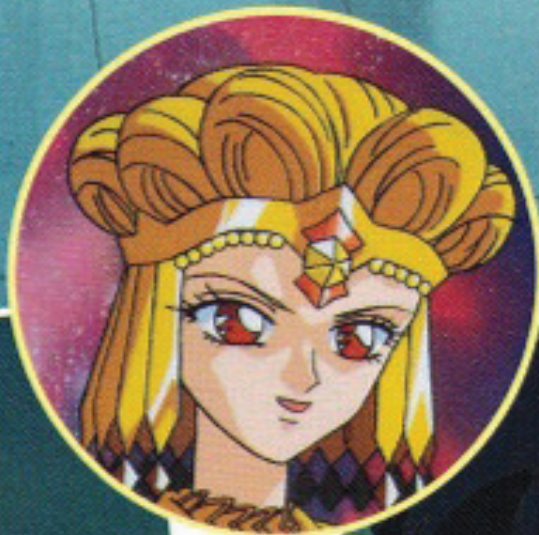

Bunny deepens her friendship with Seiya and to him she is more than just a good friend. However, Bunny has no idea that Seiya's feelings for her go deeper.

Her heart still belongs to Mamoru, and she worries about him more and more every day. Since his departure, she has not heard from him... why?

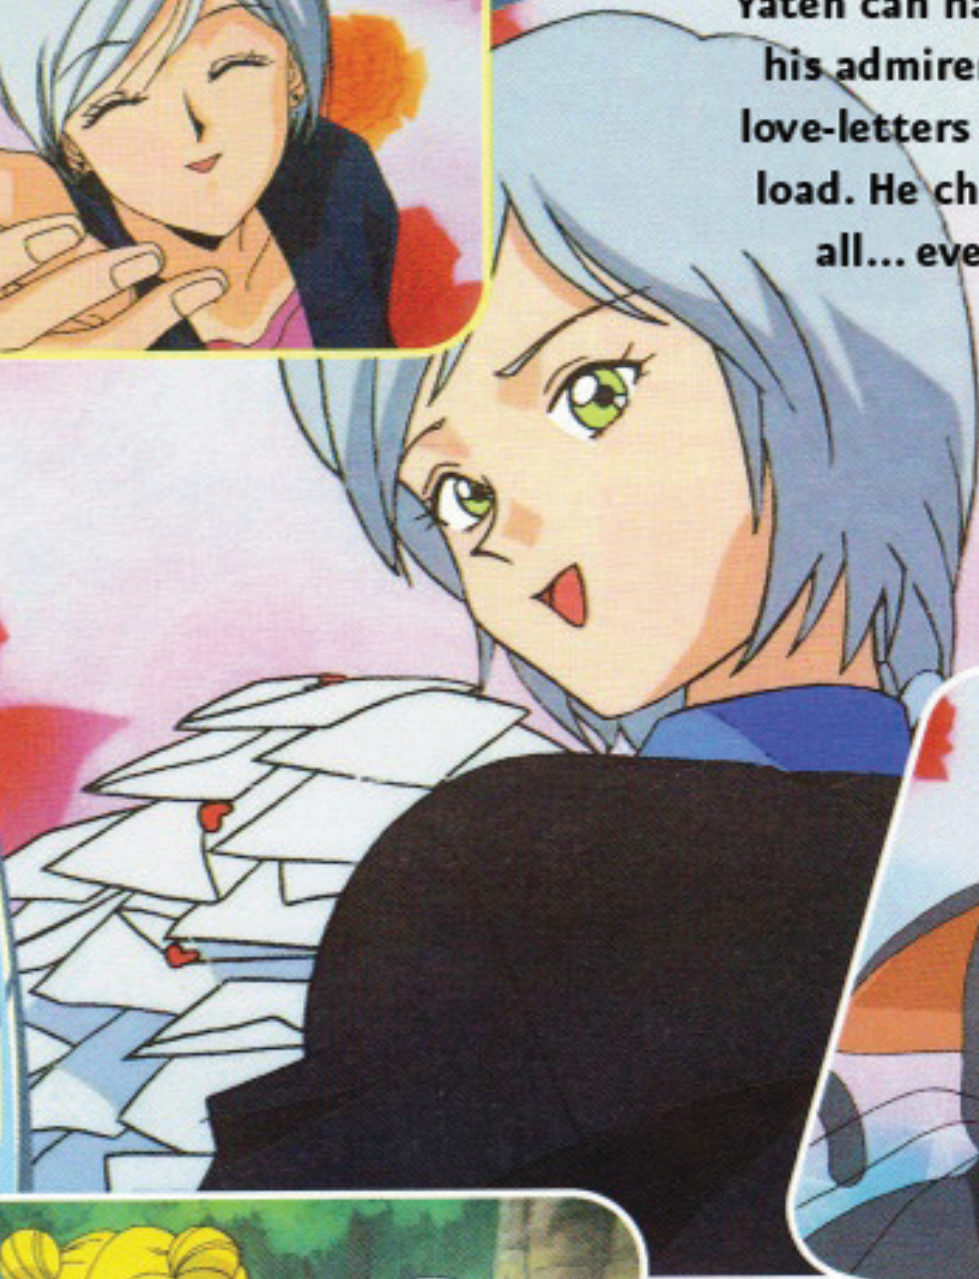

Bunny has no idea that the insidious Galaxia is behind Mamoru's disappearance. She attacked his airplane. The battles become more and more desperate. The same goes for the Sailor Star Lights. The enemy is after the Three Lights' dance coach.

Sailor Star Fighter defeats the monster but will they be able to find their princess and overcome Sailor Galaxia?

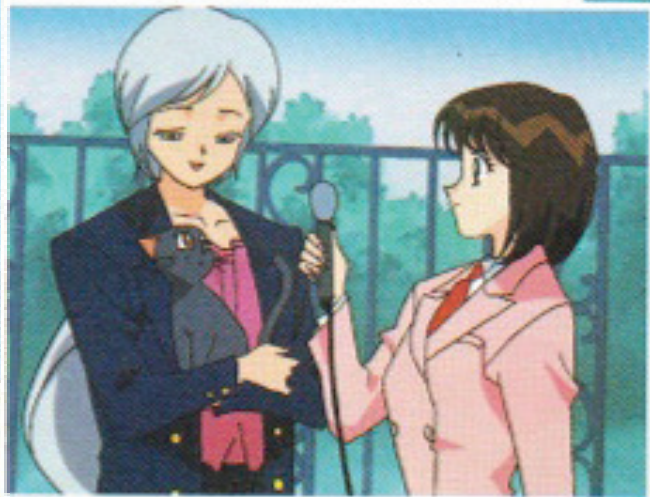

**Yaten can hardly escape his admirers. He gets love-letters by the sack load. He charms them all... even Luna!**

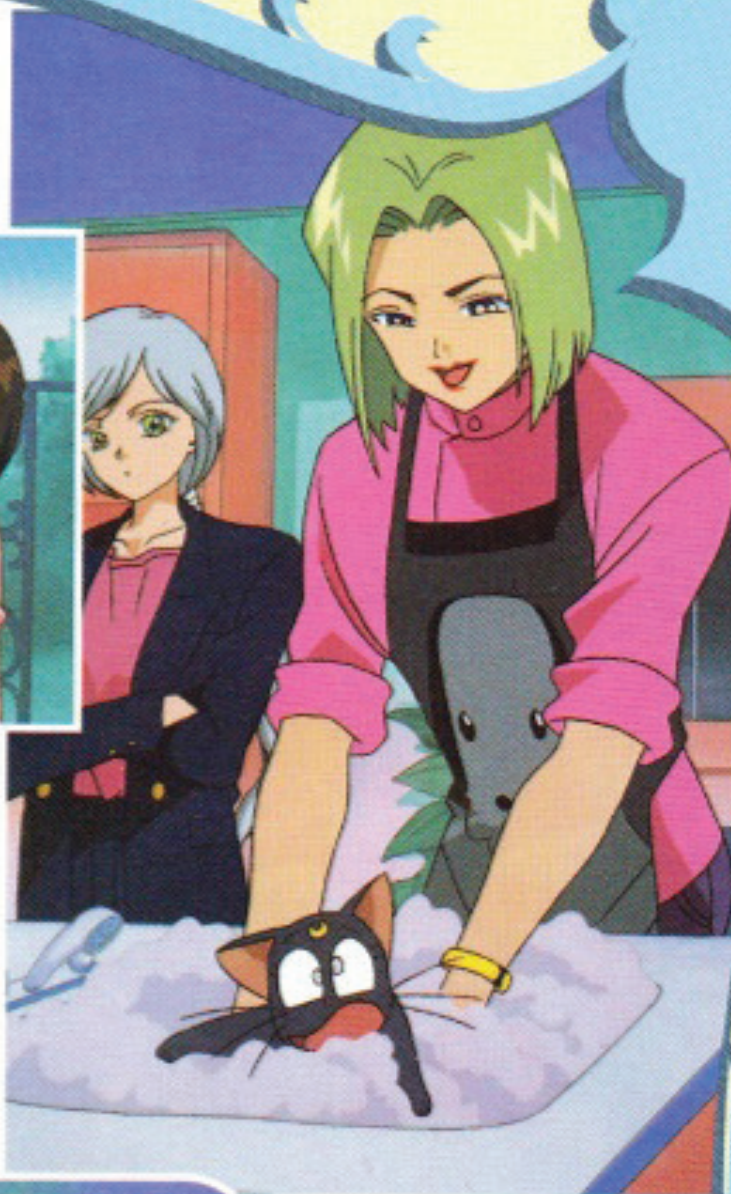

**While looking for her cat, Bunny notices Yaten tearing up an unread letter. She gets angry. How can he be so cruel and heartless?**

**But to Yaten  
these love-letters  
mean nothing!**

At the moment, all his attention is focused on Bunny's cat who is more than willing to be petted by him.

Was Yaten really able to tame such a "wild cat" as Luna? Well, maybe not quite so, since he too, gets to feel her claws.

When the enemy attacks Yaten, Luna lunges at them and defends her new friend. Unfortunately, she gets injured and Sailor Moon and the others have to help her.

This cat has taught Yaten a valuable lesson. He realises that his selfish behaviour towards everyone else was not the right thing to do.

# Sailor Galaxia

**This time, different Sailor Warriors are battling each other. Galaxia and her henchmen are Sailor Warriors, too. They come from a faraway future but they fight the Warriors of the Moon. Galaxia wants to conquer Earth and the whole galaxy.**

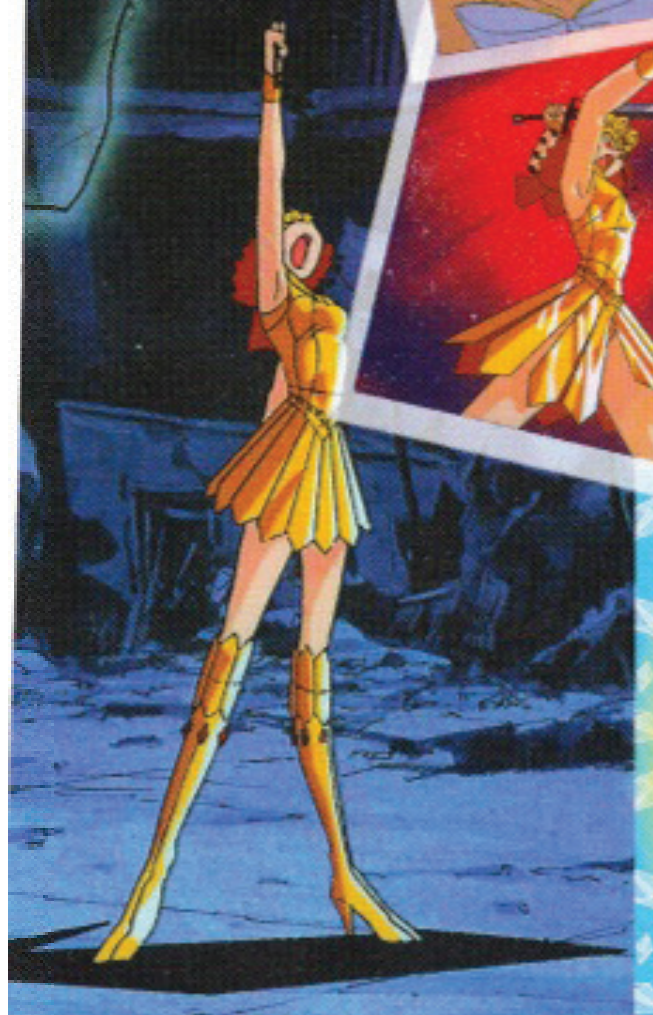

**Through a bracelet on her wrist, Galaxia can use her mental powers to control all those under her influence.**

**This bracelet also allows her to steal the Star Crystals that every human being is carrying inside. As soon as she owns enough Star Crystals, she has a potent weapon she can use to defeat each and every adversary and conquer the whole universe. Nehellenia, too, was influenced by Galaxia, and when her sceptre broke, Galaxia was resurrected. Who is she really? A Sailor Princess from another star?**

# Sailor Lead Crow

**The cute Sailor Alumina Seren and the relentless Sailor Lead Crow are Sailor Galaxia's most loyal warriors. But even they seem not to know their queen's real motives. They both follow Galaxia blindly, executing all her orders convinced of their plans being justified even though they are really diabolic. They blend in with the humans and have often got Sailor Moon into trouble.**

*Sailor Alumina Seren*

**After Sailor Alumina Seren tried in vain to spy out Sailor Moon's secret identity, Galaxia decides in a rage to destroy her. This unrestrained anger raises Sailor Lead Crow's suspicion about the real nature of their ruler!**

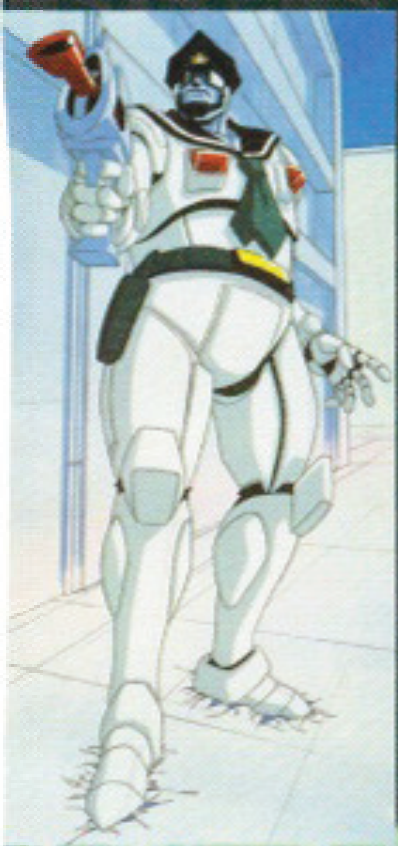

Sailor Iron Mouse

Sailor Tin Nyanko

Here come Sailor Iron Mouse and Sailor Tin Nyanko... Their evil nature is hidden behind an angelic appearance. They are ruthless and absolutely devoted to Sailor Galaxia. Why does Galaxia have so much power over her minions?

**Galaxia gains most of her power through her bracelet. All her warriors have to wear such bracelets. Through these, Galaxia influences them and turns them into totally submissive creatures - until they fall from grace and she erases them.**

Within Galaxia's bracelet, all her warriors' Star Crystals are entrapped. Without these crystals, they would die.

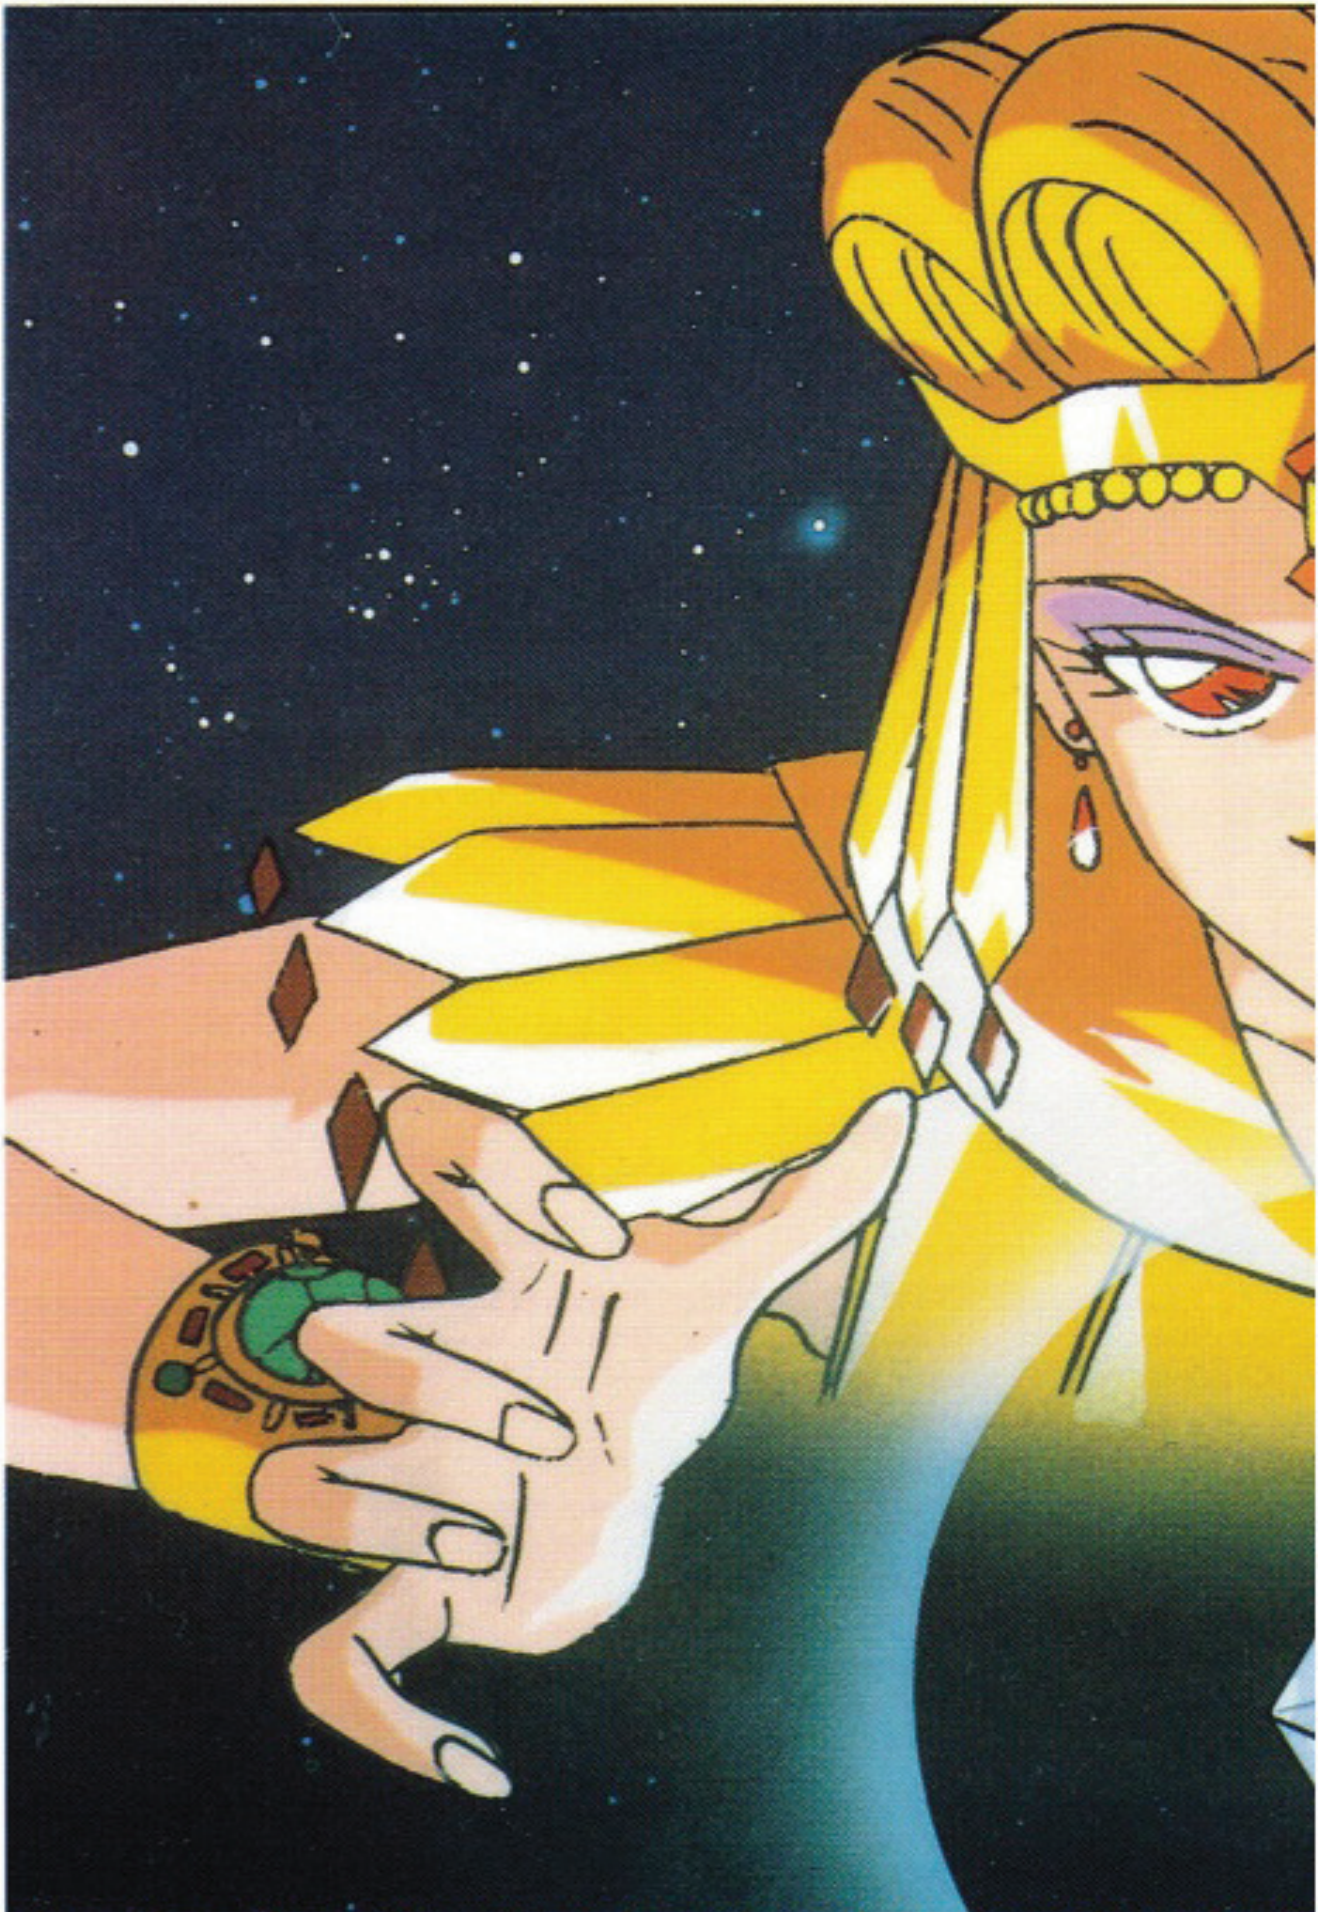

**They are like crystals of the soul. In order to conquer the universe Galaxia needs the most precious crystals...**

**...those that hold the power of the most important planets. When she has gathered enough of those, Galaxia can rule the universe.**

**Her monsters don't wear bracelets. Their Star Crystals have been stolen, and only Sailor Moon can give them back.**

SAILOR MOON

**Mysterious  
Chibi Chibi**

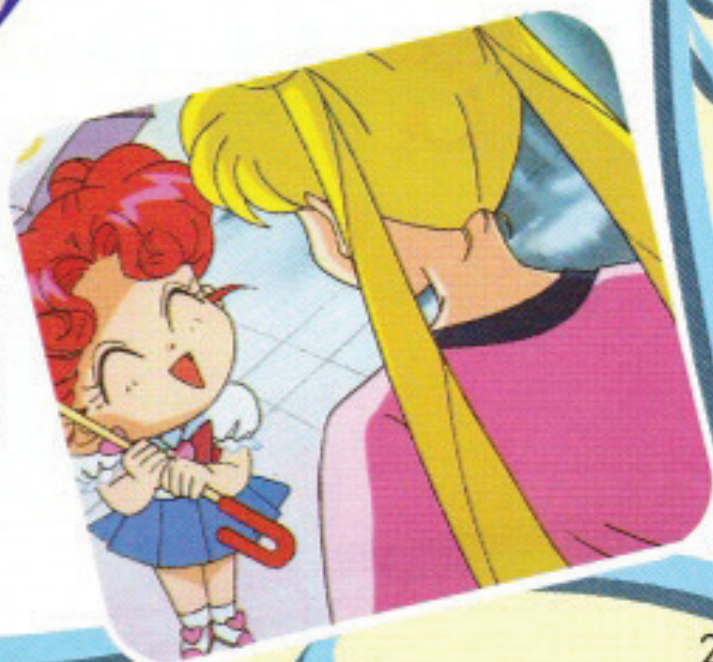

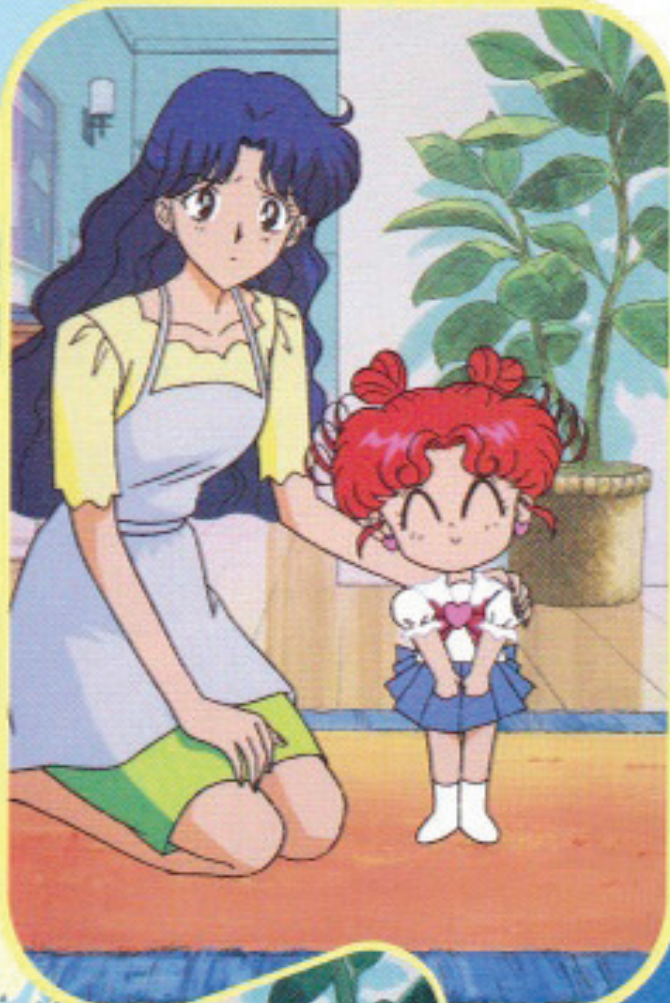

In the park, a gust of wind blows away a little girl's white umbrella. Who is the little one?

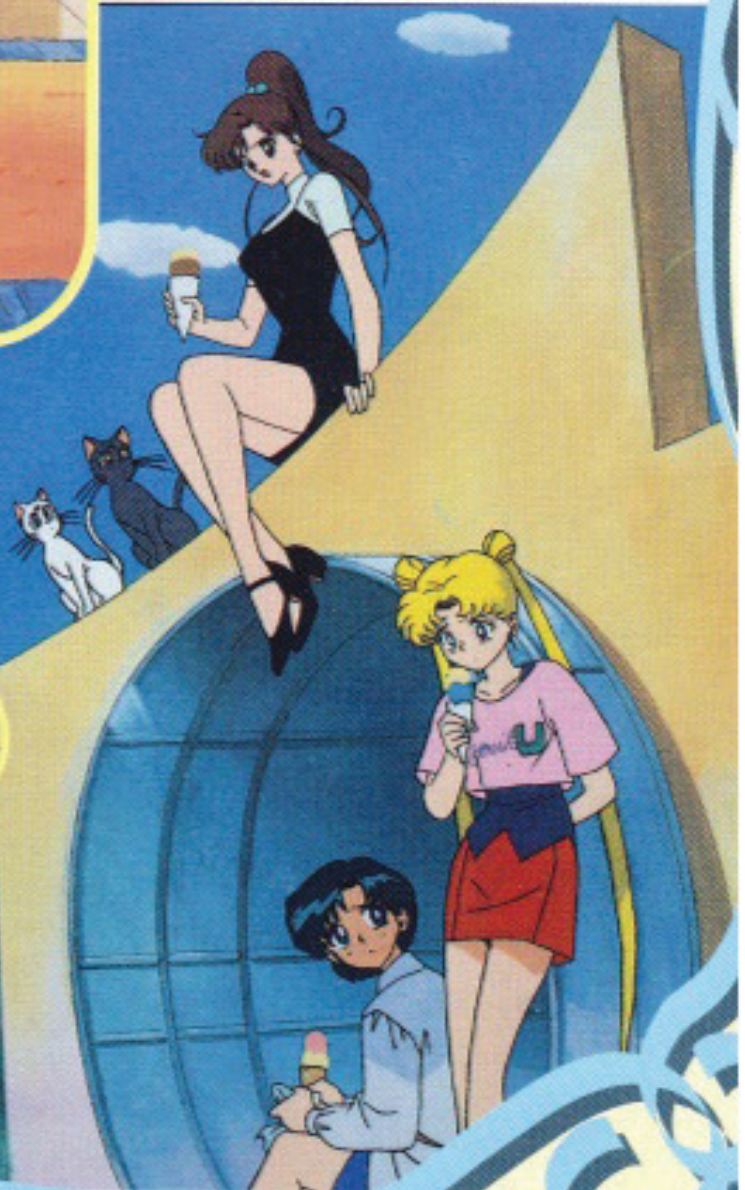

Bunny asks her if she is lost, but the little one only smiles back...

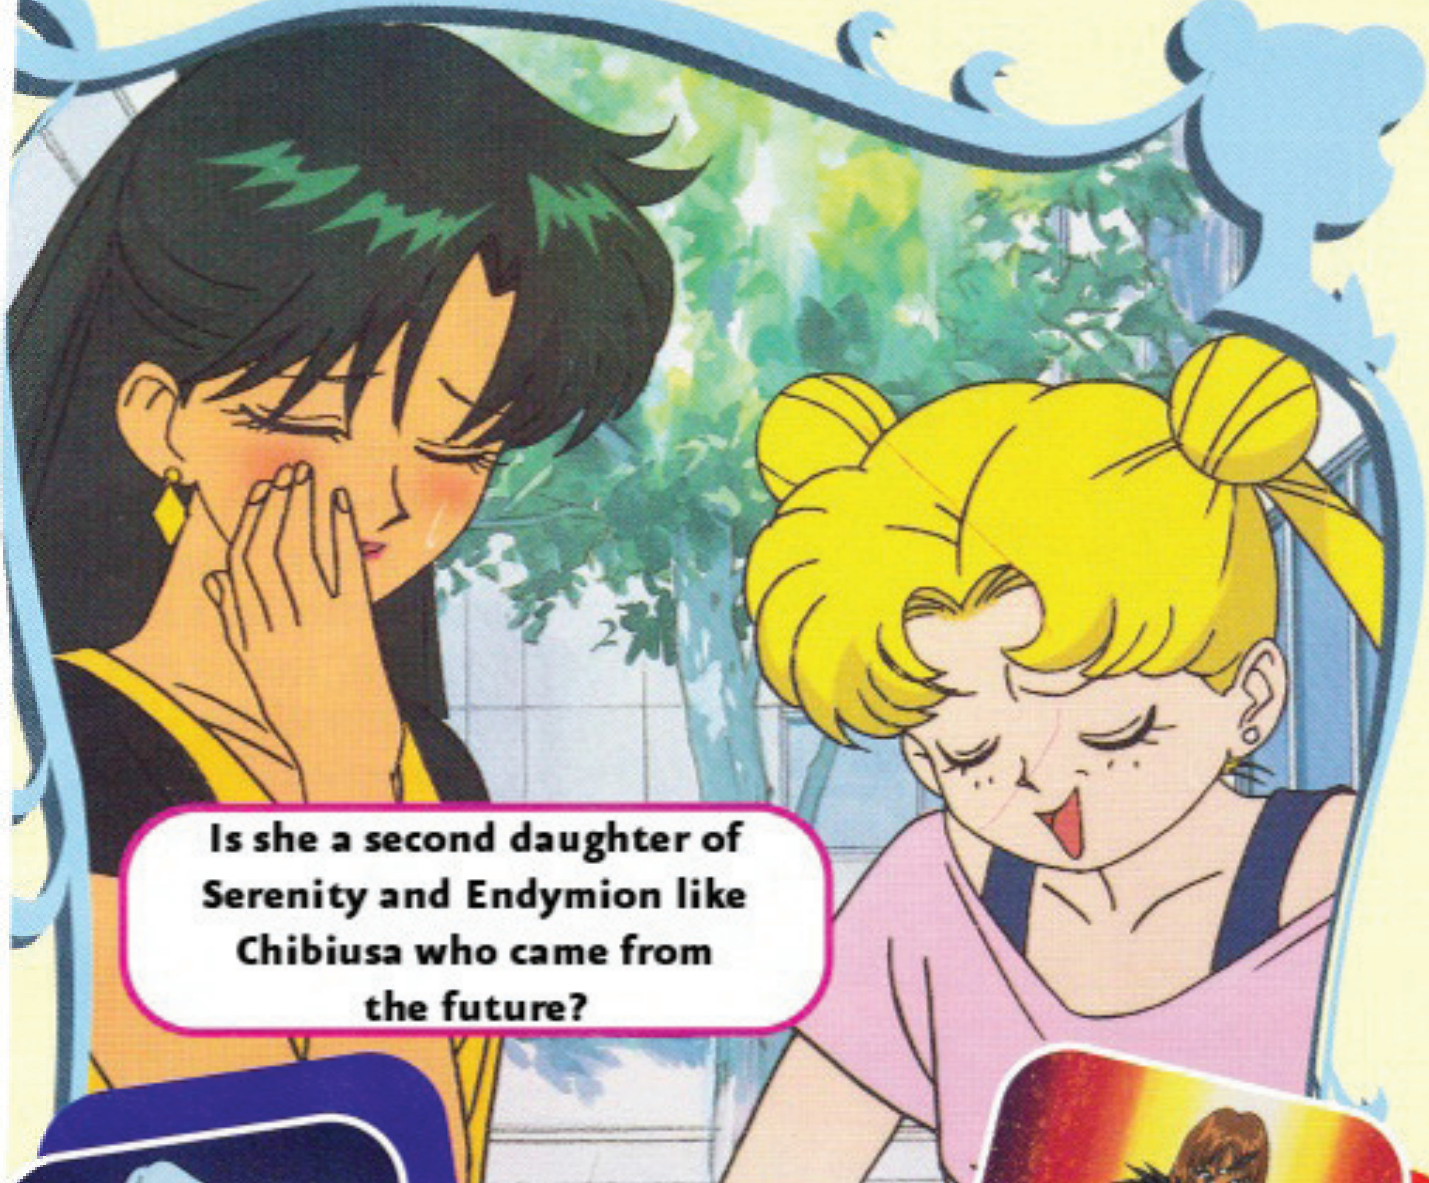

She says **CHIBI CHIBI** and turns away. Bunny is baffled: what a peculiar girl!

At home, an even bigger surprise is awaiting Bunny. Her Mother introduces the girl as her **LITTLE SISTER!** What does that mean? Her friends are clueless, too.

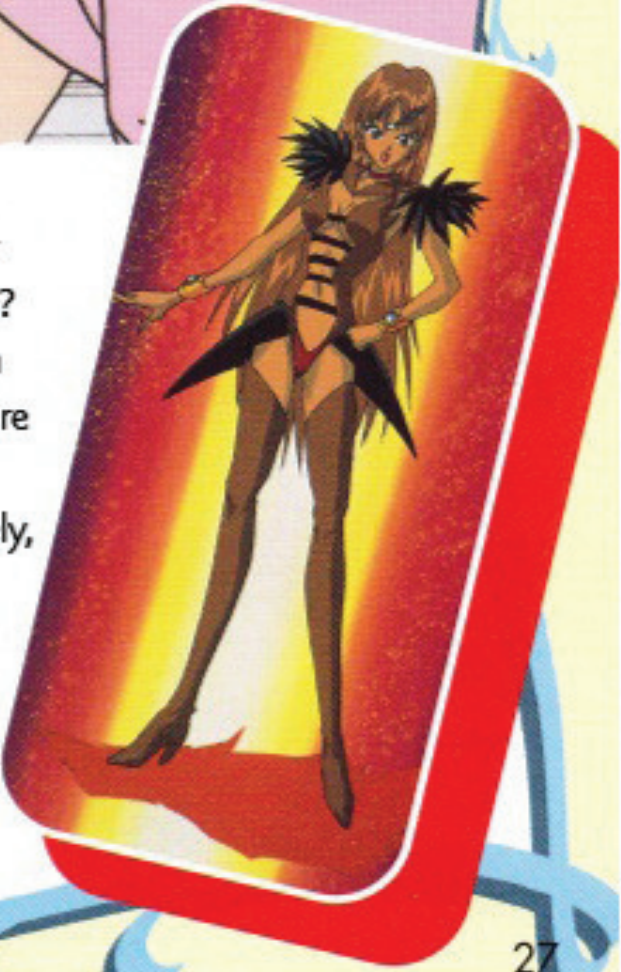

**Is she a second daughter of Serenity and Endymion like Chibiusa who came from the future?**

And if so, why? Is there a danger threatening them? Or is Sailor Moon needed in the future Moon Kingdom again? Unfortunately, the little one cannot speak well enough...

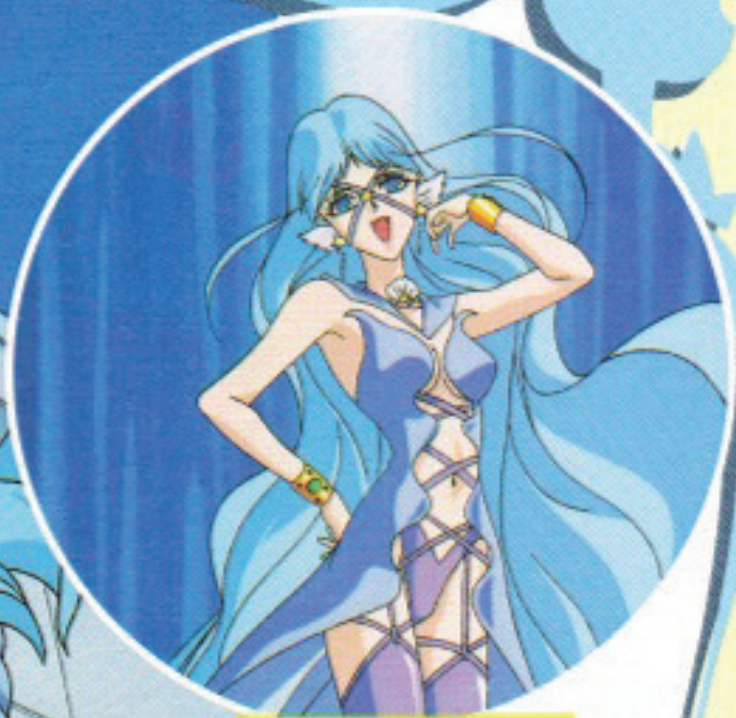

**Setsuna knows Serenity and Endymion have only one daughter. The little one can not be their child. Even she - the guardian of the Time-Gate - does not know this girl that possesses some strange powers... Who is she?**

All of a sudden, Sailor Pluto is roused from these musings by an unexpected attack by Sailor Lead Crow and Sailor Alumina Seren.

As always, these two are hunting for Star Crystals on behalf of Galaxia. Neither do the Warriors of the Moon know Galaxia nor her goals. Besides, Chibi Chibi has disappeared. Have these two abducted her?

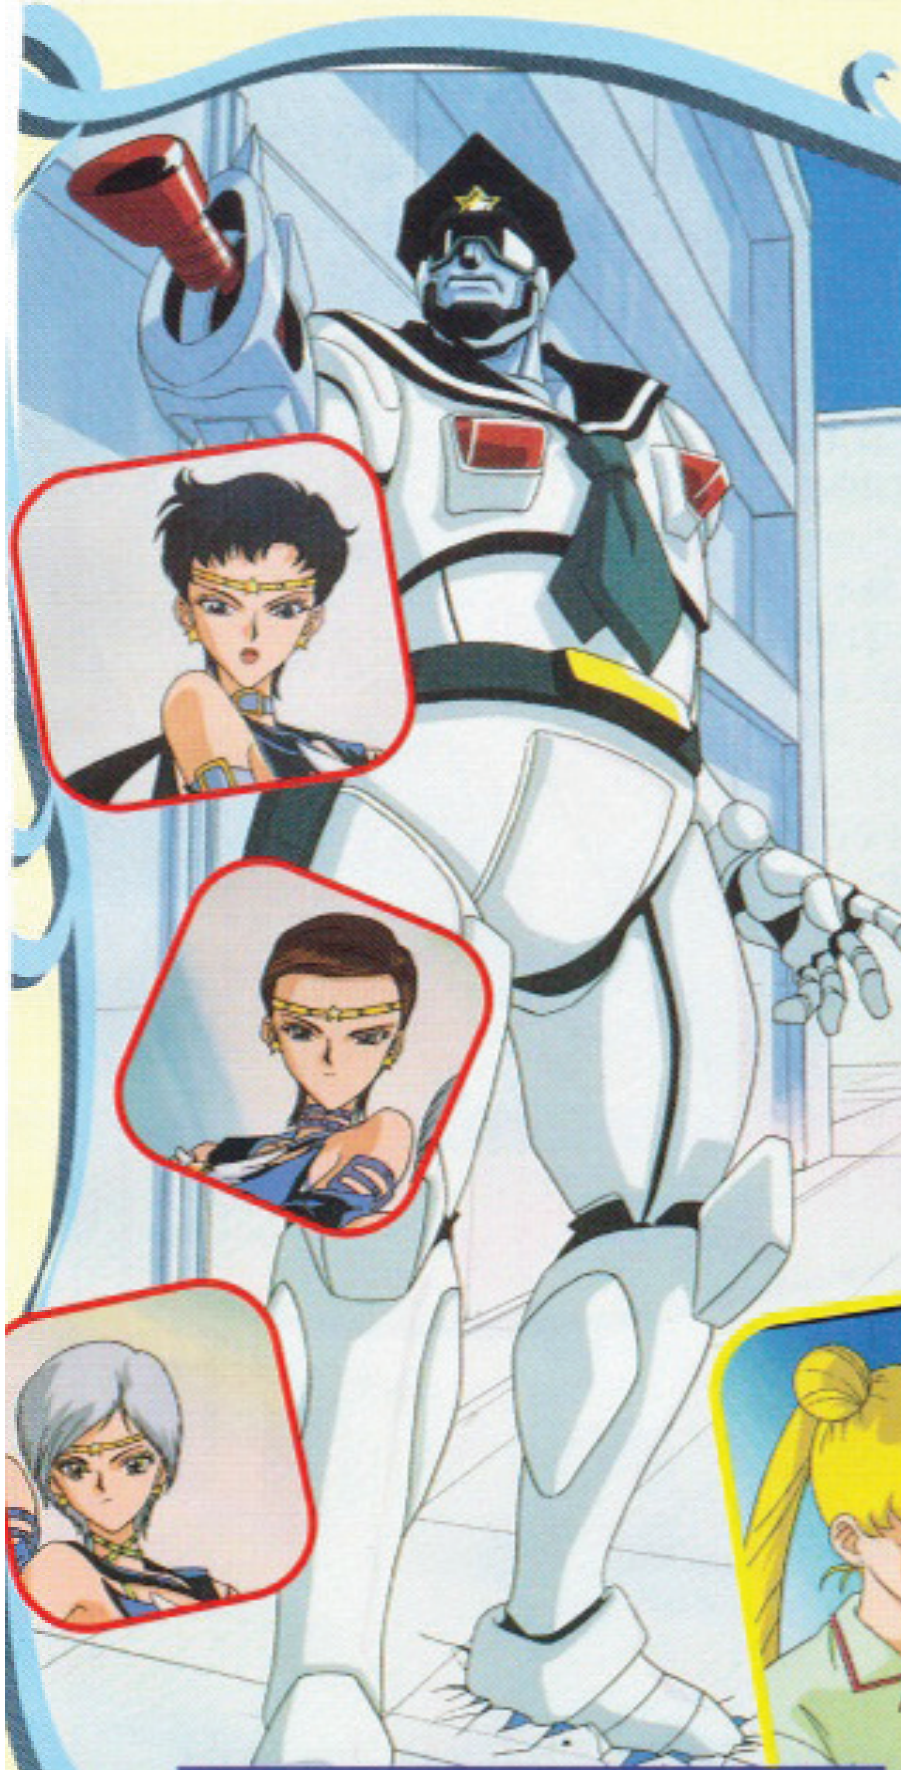

**Phew!  
Chibi Chibi  
only took a  
walk and met  
Seiya. He is  
protecting  
her.**

Wearing a uniform he looks even more attractive Bunny thinks. But now is not the right time for those kind of thoughts! A policeman has been attacked and turned into a monster.

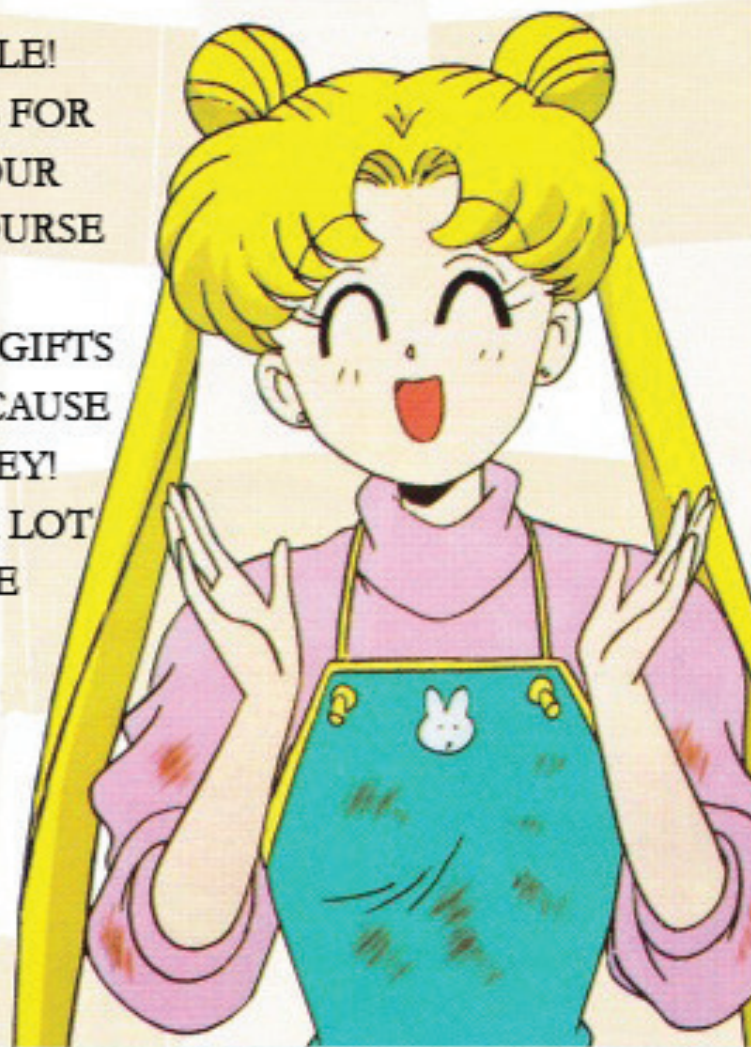

**Together, Sailor Moon and the Sailor Star Lights defeat the monster and save the policeman. Sailor Iron Mouse and Sailor Alumina Seren sound the retreat. However, Bunny is bothered by all the unanswered questions...**

**The Star Lights, Sailor Galaxia, little Chibi Chibi... something is looming!**

## GIFTS MADE OF SALT

### WHAT YOU NEED:

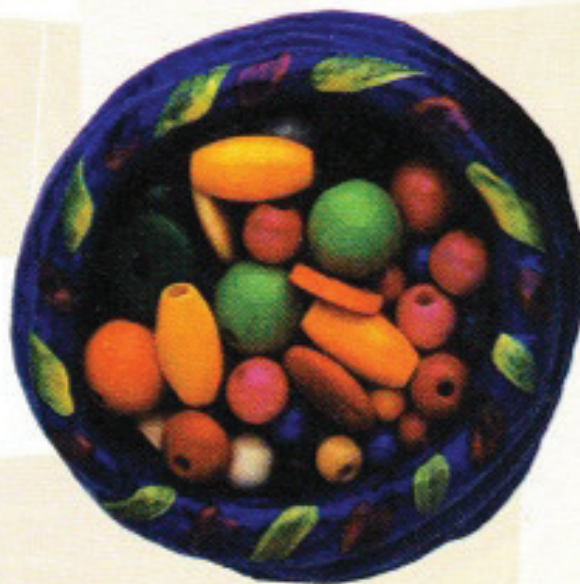

200 ccm water  
300 g flour  
300 g salt  
vegetable oil  
paintbrush

In a bowl mix the flour, salt, some vegetable oil and the water. If necessary, add some more water until you can knead the dough easily.

2 Knead the dough using both hands.

3 Roll the dough and form it to your liking.

4 For a jar, you roll thin "snakes" for the sides, stacking them on a base of salt dough.

5 For a napkin ring, you knead a piece of dough into the shape of a ring. Decorate the ring with little balls of salt dough.

6 Place the shapes on a coated baking tray and bake them at 180°C for 20 minutes.

7 Then, paint to your liking.

8 You may also use biscuit cutters to cut out key fobs. Don't forget the hole for the key ring!

# TEST RESULTS

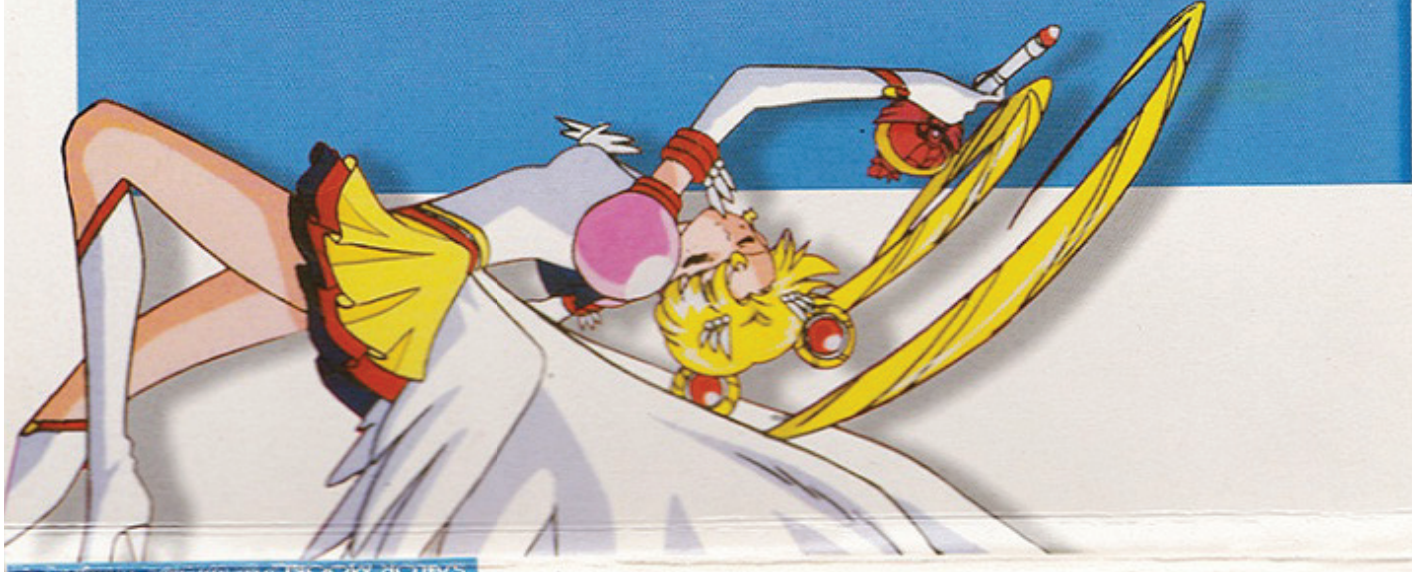

**MOSTLY A-ANSWERS:** YOU DON'T LIKE PRACTICAL JOKES, AND YOU DON'T THINK IT'S FUNNY WHEN SOMEONE TELLS ABOUT A PRANK. WOE BETIDE ANYONE WHO PLAYS A PRACTICAL JOKE ON YOU! YOU FIND IT HARD TO FORGIVE SOMETHING LIKE THAT. WHAT'S POSITIVE ABOUT YOUR PERSONALITY IS THAT YOU ARE RELIABLE AND SERIOUS. TRY TO TAKE THINGS A BIT EASIER!

**MOSTLY B-ANSWERS:** YOU ARE BORN TO BE A JOKER, AND YOU ARE ALWAYS IN THE MOOD FOR JOKES AND PRANKS, EVEN IF YOU ARE THE VICTIM. YOUR FRIENDS LOVE YOU FOR ALWAYS HAVING A NEW JOKE TO TELL AND MAKING THEM LAUGH. HOWEVER, THEY DON'T COME TO YOU TO SPEAK ABOUT THEIR TROUBLES BECAUSE YOU OFTEN LAUGH ABOUT THEM. DON'T RUN AWAY FROM TROUBLES. THEY CAN BE SOLVED!

**MOSTLY C-ANSWERS:** YOU LIKE TO HAVE FUN, AND YOU LAUGH OFTEN BUT YOU CAN ALSO BE SERIOUS. YOUR BALANCED TEMPER IS YOUR STRONG POINT. YOU ARE ALWAYS READY TO HAVE SOME FUN, AND YOU CAN LAUGH IT OFF WHEN YOUR FRIENDS ARE PLAYING A PRANK ON YOU. BUT THAT DOESN'T HAPPEN MUCH. YOU SEEM TO BE SO PERFECT, THEY DON'T DARE TO MAKE A JOKE AT YOUR EXPENSE.

## DANGEROUS FLOWERS, PART 2

One sunny afternoon, Bunny, Mamoru, Chibiusa, and the other girls are visiting the botanical garden. There, the most beautiful flowers are in bloom right now. Bunny and Mamoru are fascinated by forget-me-nots. They seem to remind Mamoru of something... All of a sudden, a strange boy appears in a shower of flowers. He talks to Mamoru as if he would know him for a long time, and he asks Mamoru to follow him. When Bunny sees the blank look on Mamoru's face, she stands in front of him only to get knocked down brutally by the stranger. Even though he retreats for now, he announces to come back soon. Bunny is worried. When Mamoru was looking at the strange boy, he had a weird look on his face. At the same time, an asteroid is nearing the Earth. Tomorrow, it will come closest to Earth. The asteroid is so small, it would burn up if it enters Earth's atmosphere, so it seems harmless. Only Luna and Artemis are not at all convinced of its harmlessness...
