FROM THE DIARY OF
SAILOR MOON
... all her secrets!

HELLO, I AM SAILOR MOON

Do you know me? In this book I will share all of my secrets with you. I am the warrior of justice and I protect the Earth against all evil!

THE SECRET OF SAILOR MOON'S BIRTH

At first sight, Bunny Sukino seems to be an ordinary girl. But Luna the cat reveals a secret that lies hidden deep within Bunny.

Hello Kitty! Do you need help?

Every day on my way to school, I run into that guy who is ever so arrogant and keeps teasing me. How I hate him!

My grades at school are dreadful, and my mom is not exactly happy about that.

A talking cat? Help!

I am very proud of the task I've been chosen for.

Hello, my name is Bunny. I am fourteen years old and a high school student. Unfortunately, I am a bit scatter-brained, and I don't like studying much. I would rather hang out with my friends and have fun. One day, I met Luna in the street - a talking cat. She gave me the transformation brooch and taught me the magic words to transform into Sailor Moon. At first, I was afraid of it, but over time, Luna was able to convince me that my mission is very important.

Yikes! What does that fury want from me?

Thanks to Luna. I transformed into Sailor Moon for the first time. It feels funny!

That's not what I expected!

My first Mission. What will happen?

Heeelp! I don't want to be a Warrior of love and justice anymore!

Now, Sailor Moon is ready for action!

That mysterious young man saved me. Wow! Isn't he gorgeous?

Well, fighting for love and justice can be pretty exhausting.

SAILOR MOON - PAST AND FUTURE

Both my past and my future hold many secrets.
Please don't tell anyone what I'm going to tell you
now!

I AM THE PRINCESS OF THE MOON

A long time ago, the Moon Kingdom watched over the peace on Earth. However, it was destroyed by evil. I was the Princess of the Moon, Serenity, and I was madly in love with Prince Endymion from Earth. The fall of the Moon Kingdom destroyed our dreams, and I was reborn on Earth as Bunny Sukino. And my beloved Endymion, too, was born again on Earth as Mamoru Chiba.

The love between Serenity and Endymion is eternal.

Serenity, Queen of the Moon, sent the Princess to Earth to save her realm.

Together with other Warriors of the Silver Moon, Serenity arrived on Earth.

In the future, the Princess of the Moon becomes Queen of Crystal Tokyo, the city of the future. But the Earth has changed.

The planet is covered in a thick layer of ice! With the help of the Silver Crystal, I manage to save the Earth. I am ruling as Queen Serenity, and Crystal Tokyo has been made into the capital of the planet.

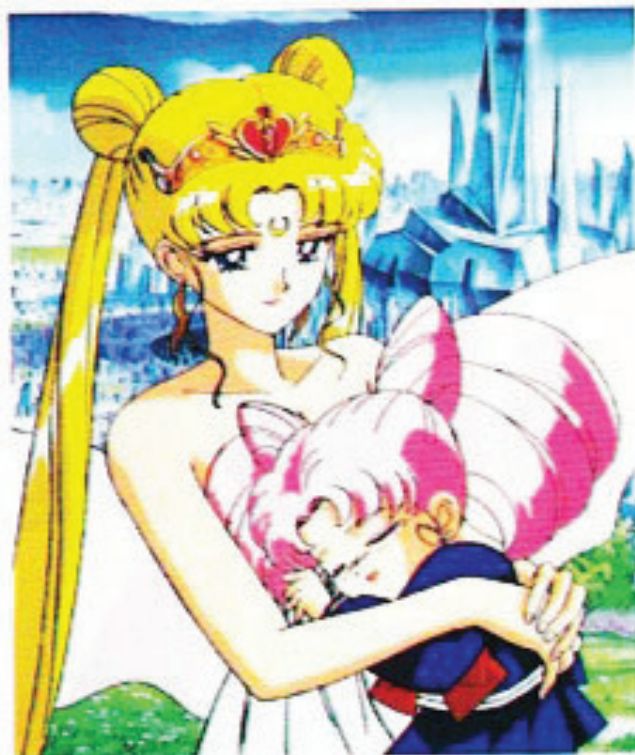

Queen Serenity, King Endymion, and their friends.

Princess Serenity's love for Endymion, Prince of the Earth, survives all hardships. In the future, they will get back together again, and live happily ever after as Queen and King.

Queen Serenity and Endymion have a daughter, little Chibiusa.

TRANSFORMING INTO SAILOR MOON

Power of the Moon Mist, Make Up!

This is my first transformation, and I'm still an inexperienced warrior. Nevertheless, I will chase off the enemy and defeat the powers of darkness.

This fountain-pen enables me to change into someone else. When I used it for the first time, I changed into a teacher.

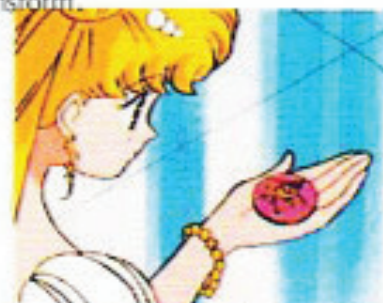

POWER OF THE MOON MIST ...

Eventually, Sailor Moon acquired the Silver Crystal. It was hidden in her brooch, and grants her the power to transform.

Now I'm an experienced warrior, and I'm not afraid to fight anymore.

Queen Serenity looking at the Silver Crystal before it is stolen.

POWER OF THE MOON CRYSTAL MAKE UP

The Silver Crystal makes me even stronger than before. Queen Serenity gave it to me when I could not transform anymore after the Moon Crystal had lost its power. Queen Serenity always watches over me.

POWER OF THE MOON CRYSTAL

POWER OF THE MOON HEART, MAKE UP

Within this stone, the eternal love between Serenity and Endymion lives on. Isn't that great! Our love empowers us again and again to fight against our enemies. Whenever I look at the brooch, I think of my beloved.

Endymion and Serenity pledging eternal love to each other.

Bunny looking at her new, important, and valuable brooch.

... the Crystal of the Heart.

POWER OF THE GRAIL, MAKE UP!

This new talisman makes
Sailor Moon even
stronger and
more powerful.

The powers of the
Holy Grail are
extraordinary and
grant invincibility.
The goblet emerged
from the fusion of
three talismans.

POWER OF THE GRAIL

SAILOR MOON'S WEAPONS

I am the Sailor-suited warrior, Sailor Moon, and I fight in the name of the Moon.

Everyone is amazed by Sailor Moon's powers.

You didn't expect that, huh?

Thanks to the power of the Moon Crystal in my tiara, I can defeat my enemies and banish them!

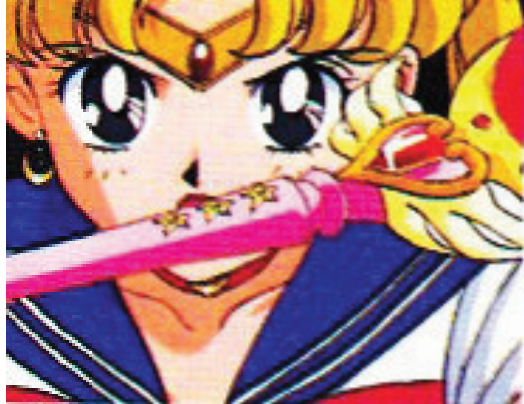

THE MOON SCEPTER

With this scepter, Sailor Moon expels demons who have taken possession of innocent people.

THE SCEPTER OF THE SILVER CRYSTAL

I got this scepter from Queen Serenity after I lost the Moon Scepter. This scepter is very powerful. It can turn evil into good. With its help, I have defeated many foes.

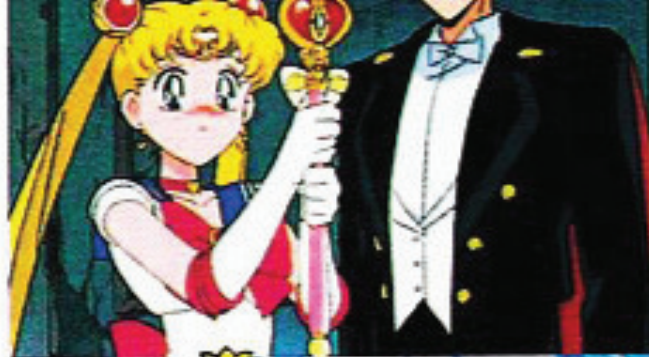

My enemies tremble when they see the light of the scepter. They know then there's no escape for them.

Not only does the light help me defeat my foes. It has protected me against many attacks, too.

THE SCEPTER OF THE HEART

This new weapon sends out a bright, heart-shaped light. It makes the hearts of my foes freeze. It is powered by Bunny's and Mamoru's great love.

Sailor Moon and Tuxedo Mask are destined for each other. Both are willing to give up their life for each other. Their love lasts for centuries without ever diminishing.

Whenever I meet a foe, I know that my love for Mamoru will help me win the fight.

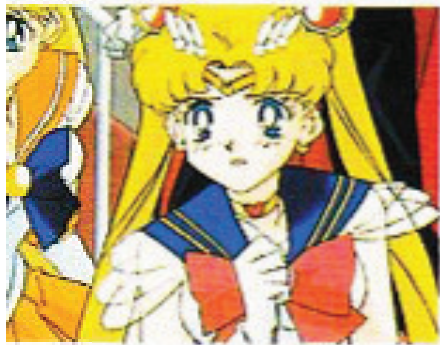

Super Sailor Moon uses this rod, too.

THE SUPER POWRED SCEPTER

This scepter's power is getting stronger and stronger. When I transform into Super Sailor Moon, million of butterflies emerge from the

scepter's heart - ready for attack. They make me stronger than ever.

Super Sailor Moon does not allow for anyone attacking Earth. She has a pure heart and is always ready to defend anyone in danger.

BUNNY'S FRIENDS

I have many friends, and we get along very well. Alright, I have to admit that I may be stubborn at times. Some people even call me feisty.

Every day is a new adventure. It is good to do everything together!

Luna acts as my conscience. But sometimes she can be rather annoying!

I could die for sweets and ice cream!

Sailor Venus and I look alike, don't you think?

Haruna Sakurada is a very good teacher. However, she is ever so strict.

Yuuichirou has a crush on Rei. But he is too shy to tell her.

Even Amy isn't always perfect.

Spiritual exercises are not for me.

I would like to perform on stage. Unfortunately I can't sing!

Isn't she cute?

I can't help it, I'm always hungry.

One last check in the mirror before my date.

My worst enemy: the scale!

Who is that calling in the middle of the night? What? It is 10 am already?

Hahaha! So funny!

Of course I love comics!

Luna is a good friend as long as she doesn't scold me.

FROM THE
SECRET
ALBUM
OF

BUNNY SUKINO

I think it's very romantic to walk in the rain. Not so Luna. Bye!

A new colour each time.

Looks silly, but it's waterproof!

When I'm too elegant, I laugh at myself.

I think, this kimono looks ridiculous on me.

Today, my clothes are quite sloppy. I was in a hurry!

A LITTLE FASHION SHOW

Granted, I am quite vain even though I dress sloppy at times. But sometimes I just love to spend more time on my looks.

Why do I always have to wait for Chibiusa?

My ice skating outfit. Isn't it pretty?

This nightgown makes me feel so romantic.

Do you think Mamoru will like this dress?

I LOVE MAMORU

This is my fiancé, Mamoru. We are destined for each other. Our love lasts from the days of the Moon Kingdom right until the 30th century. Isn't that great? I'm so happy to be with him!

Mamoru is a hard working university student. He has a passion for computers.

The Moonlight Knight is Mamoru's alter ego.

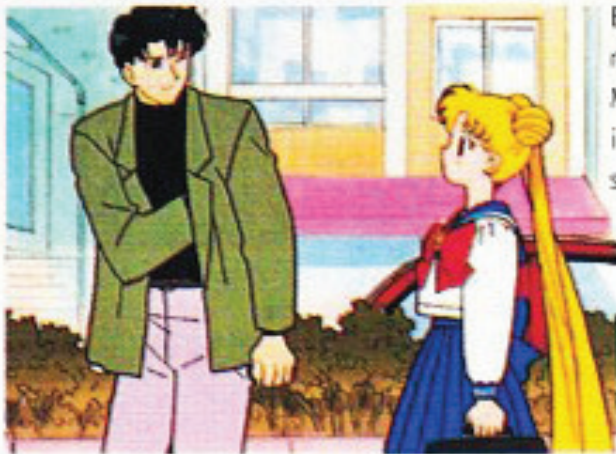

Mamoru and I, we both love children. That's why we have so much fun babysitting. As Tuxedo Mask, Mamoru is always watching over me to make sure I'm safe.

I'd love to tell you all my adventures, but there are so many you would only get bored. That's why I picked just five stories. Have fun!

MYSTERIOUS MOON

Do you know the meaning of the word "moon" in my name?

The moon knows many secrets.
I'm going to tell you some of them.

The moon is not a real planet. In fact it belongs to the Earth. Its mysterious light has fascinated mankind through the ages. In Greek mythology it is identified with Diana, sister to the sun.

It takes the moon one month to orbit around the Earth, and during this time, it seems to change shape continually. In reality, only the part that is visible from Earth is changing. On its journey around the Earth, the moon passes through four phases. Many things on Earth are affected by these phases of the moon: the life of plants and animals, and the tides of the sea! Astrologers think the moon represents a long and happy life.

Sailor Moon in fighting pose in front of the full moon.

PERSONALITY

The typical moon girl is always looking for harmony, loves to cook, and takes piano, violin, or ballet lessons. When it matters, she can show a lot of courage, and she has a keen sense of justice. She does not hide her feelings for the people around her. At times, she can be impatient, but it is hard not to forgive her. She is always willing to help other people. Small children and her friends can rely on her at all times!

BORN UNDER THE SIGN OF CANCER

The moon greatly influences people born under the sign of Cancer.

LOVE

A moon girl does not like to leave things unfinished, and her heart can only beat for one person: she is searching for true love! She loves to care and cook for her husband and children. Her biggest flaw however is her jealousy! Moon girls beware! Being too jealous may scare the boys away!

Bunny's cat is named Luna which means "moon".

ITEMS CONTAINING THE POWER OF THE MOON

Gems: crystal, moonstone, pearls.

Flowers: lilies, white roses, forget-me-nots.

Colours: white, pink, silver.

Did you know the moon has so many powers?

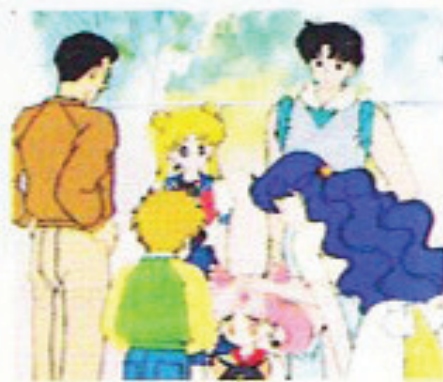

SAILOR MOON REVEALS 50 OF HER SECRETS

I, Sailor Moon, or Bunny Sukino, will now answer all your questions. This will be a Sailor Moon encyclopedia of sorts.

THE SAILOR MOON ENCYCLOPEDIA

1 Where do you live?

I live in Japan, in Tokyo. The district is Azabu Juuban Minato-Ku, and it's right near the Tokyo Tower. My parents' house is near to a shopping mall, where you can get almost everything and where you can visit an arcade. I love living in Tokyo. There are many beautiful parks near my house.

2

When is your birthday?

July 30. I was born under the sign of Cancer, and my birthstone is moonstone.

3

What is your blood type?

Blood type O. It is typical for persons with this blood type not to worry too much and to be very generous. This does not mean that I'm carefree. I just have a positive attitude towards life.

4

What is your height and weight?

Last time I measured myself, I was one meter and fifty centimetres high. But I'm only 14 years old, and I'm still growing. My weight is - a big secret! I'm too fat. I have to diet. Now!

6 How big is your family?

Originally there was only my father, my mother, my brother, and me. Since Chibiusa moved in, we are five. Well, five and a half, counting Luna. Since Chibiusa is living with us, my father has gotten a bit nervous.

6 What are your dreams for the future?

I want to marry Mamoru. A wedding in white in a beautiful church, maybe not even in Japan. Maybe I'll even take on a career. Who knows?

7 Do you have any annoying habits?

I can't say anything about that. However, many people claim I would conceal troubles with nervous laughter. I cannot imagine that.

8 What are your hobbies?

I like going to pastry shops. I love video games and anime. Also I really love to read comics and to cook. I just don't get why nobody wants to eat my dishes!

9

What is your favourite food?

Ice cream, cake, waffles, and my mother's apple pie. Also I enjoy eating together with others the most.

10

What is your least favourite food?

Carrots - since I'm not a rabbit! I also don't like really hot curry sauce. Apart from that, I can eat almost everything.

11

What is your favourite color?

Definitely not yellow like Sailor Moon's hair. My favourite colours are romantic white and light pink. Almost all my clothes are white or pink.

12

What type of sport do you do particularly well?

A difficult question. I think, PE is not that important... tee-hee! I once tried to exercise seriously. Phew! Losing weight is really exhausting!

13

What is your ideal boy like?

He has to be handsome and kind - well, just like Mamoru. I cannot think about anyone else.

14

Do you have any more bad habits?

I guess, I can be quite annoying by asking too many questions. Also I think I'm a crybaby!

15

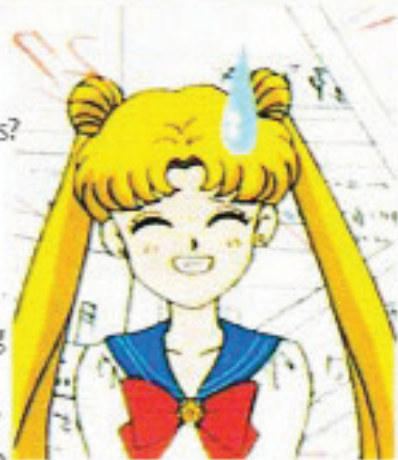

What is your favourite subject?

Nutritional science. Unfortunately these lessons teach me that most of the stuff I like to eat is not healthy!

**16**

What topics are your weak points?

I can't get math and English into my head. But I keep trying to study with my friends. Only that doesn't help much.

**17**

What is your favorite clothing style?

Smart, casual, and modern. I like pleated skirts, but also long skirts and minis. In winter, I wear a pink down jacket.

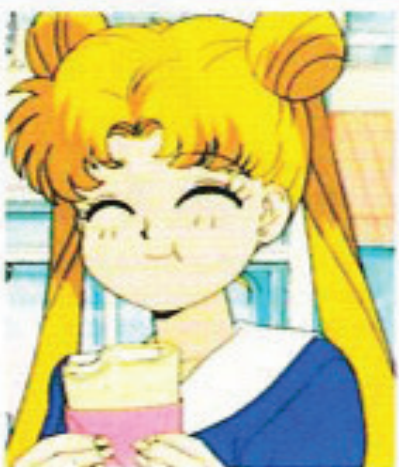

**18**

What would you like to have?
Lots of beautiful clothes, particularly awesome dresses and shoes. At sales there are so many beautiful things, it is hard to choose.

19

What do you like least?

I don't like going to the dentist. I eat so much candy that I have to take great care of my teeth. I love sweets but I'm afraid they make me gain too much weight.

**20**

Which place would you like to visit?

I would like to visit Versailles. Pictures of it always remind me of the palace on the moon where I once lived. I'm sure Versailles is as beautiful as my palace.

21

What do you think of Amy?

She is a cute and very clever girl.

But sometimes, she can be too serious. Studying may be important, but it is also important to have fun. I like her very much, and whenever I need advice, I turn to her.

22

What do you think of Ray?

She is too hot-tempered but she has

a kind heart, and she always cares for her friends. She is a good singer, too. We quarrel often, but we are good friends. If only she wasn't so brusque!

23

What do you think of Makoto?

Makoto is very strong.

She is a good fighter but she's also quite feminine. Her cooking is excellent, and I have much to learn from her. Unfortunately she develops a crush on any boy way too quickly, while I can only think of my Mamoru.

24

What do you think of Minako?

She is cheerful and lively.

But she tends to fall for flattery too easily. Also she often confuses her proverbs, and Ami has to correct her all the time. I think Minako is just awesome!

25

What do you think of Chibiusa?

At first I thought her

quite arrogant, but she is just unhappy. She can be stubborn and capricious. I wonder where she's got that from? Just imagine, I really was a bit jealous of her. How stupid of me! After all, Mamoru is her father!

26

What do you think of Setsuna?

Setsuna is mysterious

and very grown up. When it matters, you can rely on her, and she looks after Chibiusa as if she were her real mother.

27

What do you think of Haruka?

She is full of contradictions. Even though she is a girl, she often seems like a man. She can appear quite cold and aloof, but actually she is kind and attentive.

28

What do you think of Michiru?

I like Michiru. She is so beautiful and elegant - an accomplished painter and singer. Sometimes, Haruka is a bit jealous of her because she thinks Michiru is prettier than herself.

29

What do you think of Hotaru?

Hotaru's health is very frail. She is shy but also cute and kind, and she has an enchanting smile. She is quite sophisticated, but sometimes she just wants to have fun instead of studying. Too bad she has an evil father.

30

What do you think of Mamoru?

I love him dearly, not just because he looks after me all the time. We are destined to be together, and our love is eternal. I cannot wait to marry him!

31

What do you think of Naru?

She is a cheerful person.

That's why she has so many friends. She keeps me up to date with the newest fashions. At times, she takes unnecessary risks. We are in the same class, and we do a lot together. Naru and Umino like each other, they are just too shy to confess.

32

Who is your most persistent enemy?

For a long time, this was Queen Perilla, but at that time I hadn't learned how to use the full power of the Silver Crystal. After she absorbed Metallia's dark energy, she turned into a giant monster. Fortunately, I was able to destroy her.

33

What was your saddest fight?

That would be my last battle with Nephelita. He and Naru had fallen in love with each other, and they were in perfect harmony. Just before he vanished into thin air, he had one last smile for Naru.

34

What is the power of the Silver Crystal?

This crystal holds all the power and the wisdom of the Moon Kingdom. If it were destroyed, that would be the end of Sailor Moon, too.

35

Did your brooch change?

At first, the brooch was only used for transformation. Only after it merged with the Silver Crystal, it turned into a weapon. Without this brooch I wouldn't be able to transform into Sailor Moon.

36

What is your tiara good for?

I can use the tiara as a weapon. Also, the stone can be used to pool the power of all the Sailor Warriors. Thanks to this tiara, I have won many battles.

37

What is that star-shaped music box?

A long time ago, this music box was a gift from Prince Endymion to his fiancée, Princess Serenity, and a token of his love. With the help of its tune, I was able to bring Endymion to remember me, after he had been brainwashed.

38

How did you feel after your first transformation?

It was incredible - like I had been roped into a bad movie. I just couldn't understand what was happening to me. In the beginning, I wasn't able to fight at all. I was way too much afraid, and I was crying all the time.

39

What are Sailor Moon's weak points?

Sometimes I am too naïve and then I feel sympathy for my enemy. But that's how I am, I can't help it. Without that weakness, Sailor Moon may well be invincible. I'm a bit ashamed of it.

40

What do you like about being Sailor Moon?

I have made many unusual friends, and if I hadn't transformed into Sailor Moon, maybe have never met Mamoru. I'm so lucky!

41

Isn't it exhausting to be Sailor Moon?

Oh yes, it is! Whenever Sailor Moon is needed, I have to go, no matter what time it is. That's why I have less time for studying - tee-hee! Isn't that a great excuse?

42

Assuming you were not Sailor Moon, what would you like to do?

Don't know.

Maybe a singer or flight attendant. I've used my Disguise Pen to slip into many roles, but right

now I couldn't decide on a professional career. All professions are honourable and important - as long as you do your work honestly and diligently.

43

What would you do, if you had 10 million dollars in spending money?

I would buy everything I always wanted to have: lots and lots of comics and video games. I would eat as much candy, ice cream, and cake as I want. But then, eating too much can cause problems - afterwards that is.

44

What if you were a model student?

Me? That's hard to imagine.

Well, I would always be well-prepared for exams, and be a joy for my teacher.

I'm just not sure what my mom would do if I got nothing but good grades.

45

What would you do, if you were a great athlete?

I would participate in the Olympics because I love to perform in front of an audience. I would like to ski as well as Ray or baffle Makoto with my ice skating skills.

46

Is Motoki your boyfriend?

Motoki is a very kind and pretty boy, but for me, there is only Mamoru. Before I remembered being Serenity, I had a crush on Motoki, but now I can only think of Mamoru.

47

What would you do if you had a little sister?

I would teach her to be gentle and to respect her big sister. I wouldn't allow her to be as cheeky as ChibiUsa. Even though ChibiUsa is like a sister to me, she always has to get the final word!

48

What sort of pet would you like the most?

I would like to have a white rabbit. Luna can be so annoying and rude at times. I would like my pet to be a little less noisy.

49

What would you do if you had to fight alone?

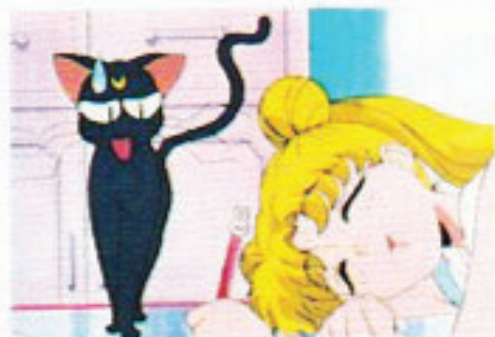

I don't like to think about that! It would be impossible for me to fight alone for everyone. We are surrounded by so many foes, only a strong team like we are has a chance to win.

50

What is Bunny's motto?

My motto is, "She who sleeps does not sin." I constantly fall asleep during class, so I must be a very good girl. I am a sleepy-head, and I'm always late - so what? Luna says I am napping all the time.

PAPA

My father is a journalist. He is a bit fussy, but he's very kind. Unfortunately he's a bit overprotective, too. He worries about every detail. Dad and Mom love each other just as much as they did on the day they met.

MAMA

My mother is beautiful and kind. But she can be strict, too, when there's something she doesn't like. I can talk to her about everything - except about Mamoru.

SHINGO

My brother Shingo is quite feisty and bossy. He is always in a fight with someone, be it me or one of his friends. When he wants to tease me, he calls me "silly cry-baby".

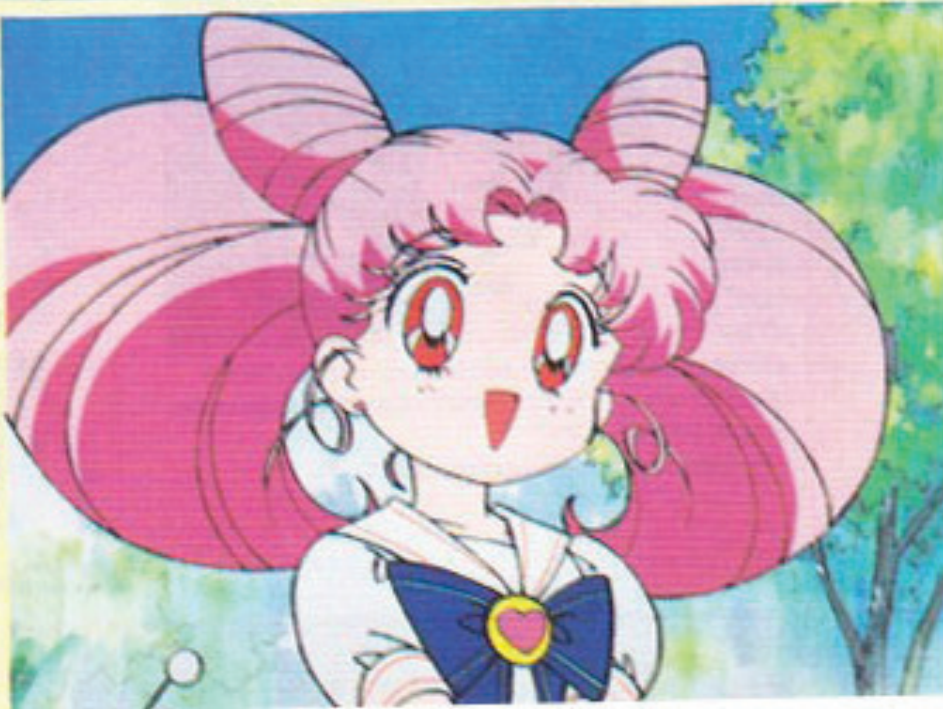

LUNA

Luna watches over every step I take. However, she has often helped me to get out of some messes. This pretty black cat comes from the Moon Kingdom.

CHIBIUSA

Chibiusa comes from the future. There she is Mamoru's and my daughter. Everyone is nice to her because they think she's got no parents. Sailor Pluto tries to be a mother to her.

THE MAIN CHARACTERS

I have many friends I like to hang out with.

These are more than just my friends: they are the Sailor Warriors. We are linked by a strong bond of friendship, and each of us would give her life for the others. Only ChibiUsa, my future child, can be a pest. Once she even tried to steal Mamoru from me!

HARUKA

She almost looks like a boy - a very kind and pretty boy of course! Haruka and Michiru are always together because they have to complete an important mission. Sailor Uranus and Sailor Neptune are searching for the talismans of the Holy Grail.

MICHIRU

Michiru is so beautiful and an outstanding violinist. She is very kind but in battle she shows no mercy. There is something mysterious about her.

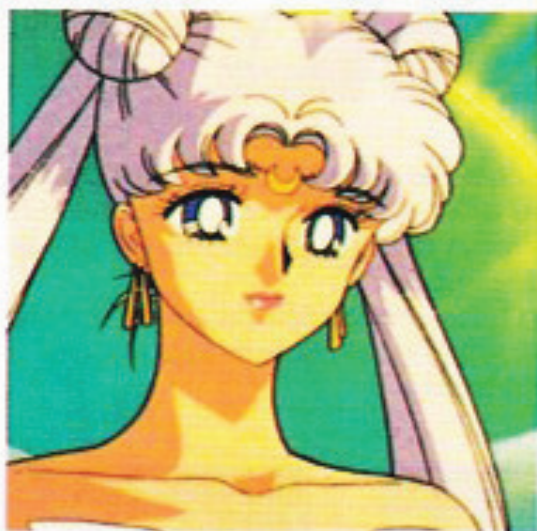

SETSUNA

Setsuna is a loner. As Sailor Pluto she is the guardian of the time-space gate. She is like a second mother to Chibiusa.

HOTARU

Hotaru is the evil Professor Tomoe's daughter. He is a scientist in the services of evil, and against her will he has turned her into Sailor Saturn. Hotaru is very kind and has nothing of her father's evil energy.

QUEEN SERENITY

Queen of the ancient Moon Kingdom and Princess Serenity's mother. Her spirit is still watching over Sailor Moon, and in times of dire need, she bestows valuable gifts on her. She sent her daughter to Earth to save the planet.

LUNA

The cat that was sent to Earth to find the Sailor Warriors who did not know about their secret. Artemis, loyal companion to Sailor Venus and all the other warriors.

Naru is my best friend at school. Quite often, we get up to nonsense. Even though she is not a Warrior, we are linked by a strong bond. Naru has a crush on our classmate Umino. Maybe one day she'll muster the courage to tell him.

NARU

Naru is a shy and very timid girl. Sailor Moon had to save her many times. What would Naru do, if she knew about Bunny being Sailor Moon?

Everybody is watching the runaways from afar.

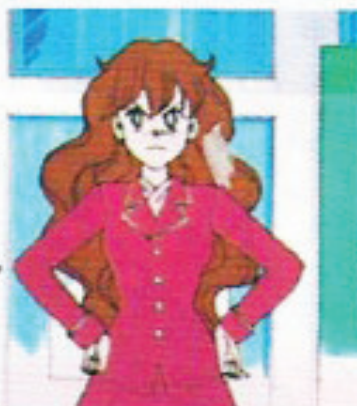

The water is so pleasant! But Naru likes more to sit in the sun.

UMINO

Umino is quite the perfectionist who loves doing everything systematically. He is in my class, and I like him very much.

Umino is in love with Naru. He is blind as a bat, that's why he is wearing those ugly glasses. Once, he wanted to make us believe that he is Tuxedo Mask. Fortunately, nothing bad happened to him then!

HARUNA SAKURADA

She is our homeroom teacher. She appears to be awfully strict, but at heart she is a kind and amiable woman. However, she can't stand it when I nap during her lessons. But I'm sooo sleepy!

MOTOKI

Motoki is working at the arcade I often visit. He is kind and smart, and all the girls idolise him.

UNASUKI

Motoki's sister is a good friend. She would be the first person I'd tell a secret. But there are some things you just can't talk about.

At first I had a little crush on Motoki.

Sometimes, Unasuki works at an ice cream parlour.

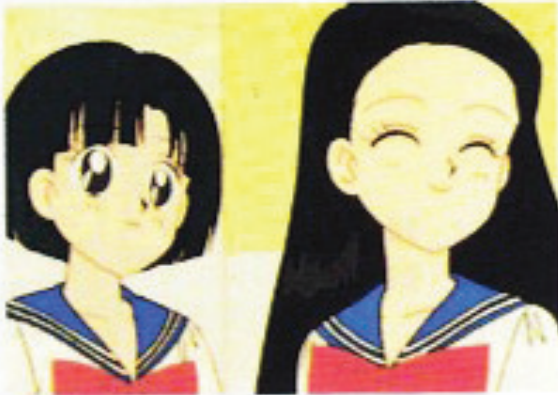

THE FORTUNE TELLER

He is incredible! He can predict the future from these sticks! What will he tell me about my future?

THE BETROTHED

Their love was put to a litmus test by our enemies.

MY CLASSMATES

I'm really lucky to have such nice classmates. We all get along very well.

REA

Rea likes to sing at karaoke shows. Once, she even won first prize. She is a great painter, too. One day, she was kidnapped by demons. Fortunately, she is now able to paint again.

RUI

She has been the Japanese ping-pong champion. How I wish I could be as good as her!
